

CHIMNEYS/FIREPLACES IN MULTIPLE DWELLINGS & MULTIPLE CONVERSION DWELLINGS

*Authority - Director of Planning
Effective November 19, 1981*

Where it is proposed to install chimneys and/or fireplaces on any exterior elevation of an existing multiple dwelling or multiple conversion dwelling, a development application shall be required.

A development application shall not be required for chimneys rising out of existing roofs, provided the location and design of such chimneys are reviewed by the Manager or Assistant Manager of the Development Permit Group at the building permit application stage.
