

Section 3

Certificates

3.1 Qualifications of certifier

A person who issues a certificate under this By-law must:

- (a) possess a certification or accreditation from an organization or under a statute, or membership in an organization, referred to in this By-law; and
- (b) possess a license under the License By-law;

that is current at the time the certifier signs the certificate.

3.2 Requirements for certificate

Each certificate required under this By-law must be in writing, signed by the certifier, and dated no more than 30 days before the date of submission of an application for a tree permit, development permit, or building permit.

3.3 Need for second certificate

Despite anything to the contrary in this By-law, if a report, opinion, survey, or other instrument that is the subject of a certificate is not satisfactory to the Director of Planning, the applicant or owner who submitted the certificate must submit a second certificate concerning the same subject matter, and signed by a person who is at arm's length from the person who signed the first certificate.
