

1 Introduction

Welcome

This Open House is an opportunity for you to review and comment on the Application for an Official Development Plan for the East Fraserlands, submitted by the developer, ParkLane Homes/Wesgroup.

Please fill out a COMMENT FORM

As well as speaking to City staff, members of the ParkLane team, or the East Fraserlands Committee, we ask that you please give us your input by *filling out a comment form* (available at the sign-in table).

Once the form is complete, you can drop it off in the Comment Box. You can also fill out the form at home and mail it back to the City of Vancouver Planning Department.

Displays

The following displays are organized by topic. Each display summarizes the key elements that the developer is proposing under that topic. City staff have also highlighted “points to consider” in yellow boxes under a few of the topics, which we would like your input on.

The Site

East Fraserlands is located on the Fraser River, between Kerr Street and Boundary Road, and south of Marine Way. The site comprises 51 hectares (126 acres) of land.
