

Parking on Arterials

Arterial Streets

There are often parking or stopping restrictions on arterial streets, especially during rush periods.

On some arterials, particularly shopping streets, there may be parking time limits. Sometimes these are accompanied by parking meters to provide better protection against all-day parking.

Arterial Streets in Riley Park-South Cambie

The on-street parking restrictions in Riley Park-South Cambie are shown on the map.

Parking restrictions vary. King Edward, Oak and Cambie have parking restricted at least during rush periods for all or most of their length. Other arterials have few or no parking restrictions.
