

Acknowledgements

The Dunbar Vision Team would like to thank the residents, workers, and business people in Dunbar who attended the many meetings and workshops, attended other events, or dropped into the site office. We met many of you and appreciated the time you took to consider the future of your community.

The team also wishes to thank the Community Liaison Group for their dedication over the course of the program, and their efforts in advising staff, participating in workshops, and reviewing drafts.

Community Liaison Group
