

# 4.11 Shadow Studies

Summer Solstice (06/21) **10:00 am**

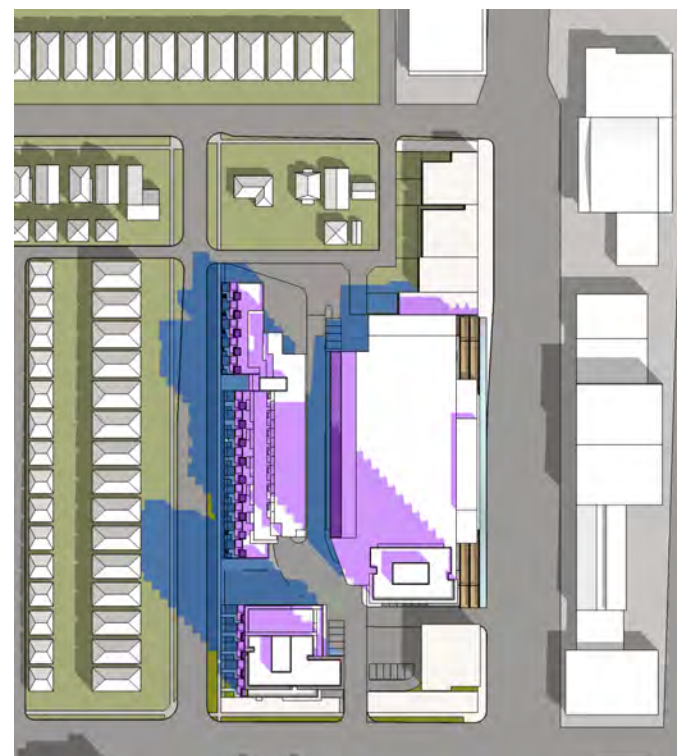

Summer Solstice (06/21) **12:00 pm**

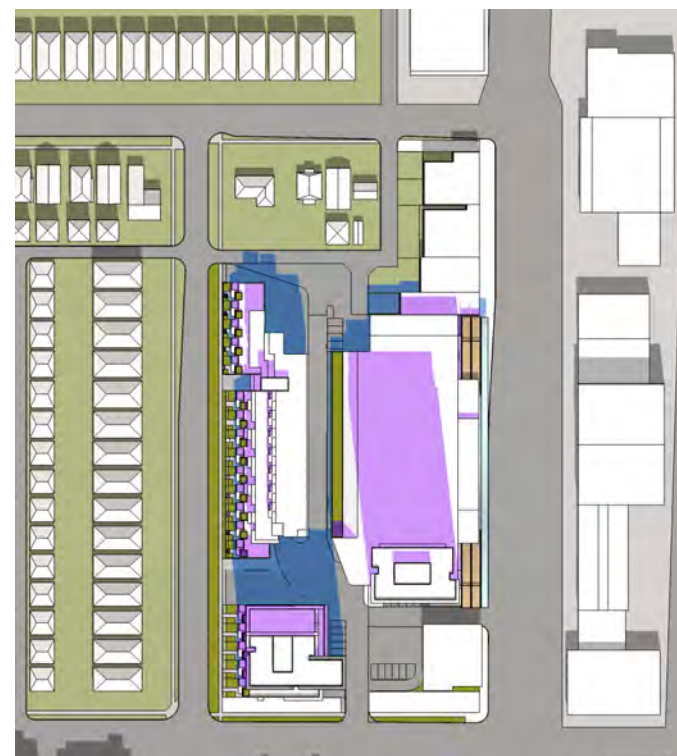

Summer Solstice (06/21) **2:00 pm**

Computer-generated shadow diagrams illustrate the impact of the proposed building at the vernal equinox and at the summer solstice.

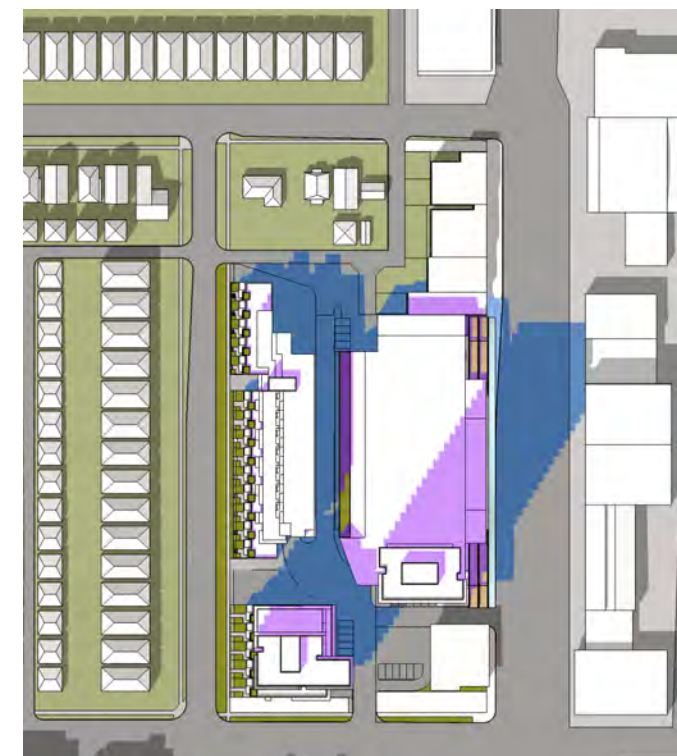

- Existing shadows
- Incremental ground shadows
- Incremental roof shadows

Vernal Equinox (03/21) **10:00 am**

Vernal Equinox (03/21) **12:00 pm**

Vernal Equinox (03/21) **2:00 pm**
