

# PICK ONE

**At-large**

**Wards**

---

VOTE ON OCTOBER 16 and help choose a voting system for the City of Vancouver.

Every three years, you elect a city government. But how do you choose the people who make important decisions that affect your city and your day-to-day life?

They make decisions on issues ranging from your police, fire, park and library services, to what developments are built, and which businesses can operate in an area.

Do you want to elect Councillors who represent the entire city, as we do now (at-large system)? Or do you want to elect one Councillor to represent your neighbourhood (ward system)?

Which voting system is better for you? Each has advantages and disadvantages.

Vote on October 16 and help decide which system Vancouver should use.
