1. Business Arising from the Minutes 11:05 - 11:10 am

2. Presentation - Sign By-law Review 11:10 - 11:50 am

The City of Vancouver is planning to develop a new, comprehensive Sign By-law that will incorporate other City of Vancouver sign policies and regulations, streamline the application and approvals process, and address items not currently addressed, such as current and emerging technologies. The project will be undertaken between January 2013 and January 2014.

IBI Group has been hired by the City to manage this process, and in the first phase they are gathering information on the current state of signage in Vancouver, including issues identified by internal and external stakeholders. Following that, a best practices review will be conducted considering the local context and a Sign By-law will be developed.

The consultant team will be seeking the Commission's input on issues, concerns and ideas about signage in Vancouver. This information will be used to inform the development of policies to regulate signage.
