Hi Deputy Mayor Deal,

Thank you for coming back early from UBCM tomorrow to participate in the flag raising ceremony for the National Day Celebrations for the People's Republic of China. Please find attached your draft speaking notes and the agenda for the flag raising ceremony. The ceremony starts at 11:00 am, but you are asked to arrive by 10:50 am if possible. Thank you, Your Excellency. It is an honour to be here with you today.

Welcome to Vancouver City Hall.

I'd like to start by thanking the **The Canadian Alliance of Chinese Associations** for organizing this special celebration.

We recognize that Vancouver is on the unceded homelands of the Musqueam, Squamish, and Tsleil-Waututh nations and we thank them for their hospitality.

I'm so proud that the flag of the People's Republic of China will be raised at Vancouver City Hall today! The National

3

Flag of China will fly at City Hall to acknowledge not just the 67th Anniversary **of the founding of the People's Republic of** China, but also to acknowledge the many contributions that members of our Chinese community have made to this country and our great city.

Canada and China's relationship has remained strong since the establishment of diplomatic relations in 1970. We share the values of open trade, and the importance of cultural and educational exchanges for our youth to experience each **other's country and people.**

We have over 400,000 residents in the Vancouver region of Chinese origin and Chinese is the second most spoken language in our city after English. These ties are reflected in the numerous twinning partnerships at the provincial and municipal levels.

4

The City of Vancouver has enjoyed its sister city relationship with Guangzhou since 1985. The twinning was seen as an important door opener for the business community and a means of reuniting the Canadian Chinese and the Mainland Chinese communities. Since that time, our relationship with Guangzhou has grown stronger and stronger each year. We were honoured last year to host Mayor Chen in Vancouver. It was wonderful to show him around our city and show him how important Chinese culture is to the fabric of our multicultural community.

I want to commend all the leaders in the Chinese community here today who have organized National Day festivities. Our city is grateful for your energy and commitment.

5

National Days are unique opportunities for citizens both young and old, in communities both big and small, to come **together and reflect on their country's rich history and** culture, and the exciting future that lies ahead. I have no doubt the Chinese community here in Vancouver and around the world will celebrate today in a very special way.

Enjoy your National Day celebrations.

Hi Pearl and Paul,

Pearl, can you confirm that Sadhu signed the approval form for the Chinese flag raising on Friday? I don't see the form in VanDocs or in the paper folder.

Paul, any word on whether CARP and COSCO have sorted out the flag raising situation for Senior's Day? I hope they agreed to do it together on Oct. 1st. It looks like we can only do the Chinese flag raising on Friday and no other flag raisings.

I have good news. The Deputy Mayor will change her flight on Sep 30 to make it back in time for this event. I've already alerted Annelise, Heather's assistant, but will rely on you to continue working with her to finalize details.

Thank you for bringing this up at today's meeting. I am sure the group will be glad to have the DM and I am happy that it's working out.

I don't know the answer to that - but the Consulate is paying for the lunch and they are supporting the group so I assumed we should thank the Consul General....

Perhaps this is something Pearl can check when she speaks with the group next time.

Hi Lesley,

We will post the below notice on Citywire today. Due to the East Wing deconstruction, we will encourage staff to access City Hall using the Cambie Street sidewalk (rather than Yukon St).

The flag raising ceremony for the 67th Anniversary of the National Day of the People's Republic of China will take place at the City Hall community flag pole between 11:00 am and noon on Friday, September 30.

We anticipate high attendance and crowds, making the pedestrian pathway on the north lawn at City Hall inaccessible. As a result, a little re-routing is in order and we ask that you please use the sidewalk on Cambie Street to access City Hall during this time.

We apologize for any inconvenience this may cause.

Hi Lesley and Paul,
Please check the attached file for speak nots of PRC National Day.
Thanks!
Pearl

It is my pleasure to convey our warmest wishes to you and the people of China on the occasion of the 67th anniversary of the founding of the People's Republic of China.

Over the past 67 years since the founding of the People's Republic of China on October 1st, 1949, especially during the more than 30 years of reform and opening-up, China has made great achievements widely recognized by the world.

The Canada-China relationship is a vast and dynamic web of cooperative linkages and undertakings, dating from well before the establishment of diplomatic relations in 1970 and growing continuously year on year. Canada's long-standing and comprehensive relationship with the People's Republic of China operates at many levels and in many areas, including in trade, governance and values, health, education and culture. Bilateral cooperation is strong - many Canadian government departments have productive cooperation programs and memoranda of understanding with their Chinese counterparts, and hold regular exchanges at various levels. Both countries enjoy an active working relationship in international fora, such as the G20, UN, APEC, and WTO.

Strong people-to-people ties exist between the two countries: over 1.3 million Canadian residents are of Chinese origin, with over 110,000 Chinese students at Canadian educational institutions in 2014. Chinese is Canada's third most spoken language after English and French, and immigrants born in China (including the Hong Kong Special Administrative Region) form one of the largest groups within Canada's immigrant population. Those ties are reflected in the numerous twinning partnerships at the provincial and municipal levels.

National Days are unique opportunities for citizens both young and old, in communities both big and small, to come together and reflect on their country's rich history and culture, and the exciting future that lies ahead. I have no doubt the Chinese community here in Vancouver and around the world, will also show their passion and patriotism on this special day.

Consulates are vital links in strengthening our cultural and economic ties, as well trade and tourism, and look forward to many more prosperous years of friendship.

Enjoy your National Day celebrations.

Hi Emma,

From a protocol perspective there's no reason not to recognize PRC National Day with a flag raising at City Hall.

All requests for flag raisings go to the City Manager to sign off, before they can be approved. Do you want to send me the contact info for the organizer and we can work with them to submit an application?

Thanks,

October 1st is the National Day of the People's Republic of China

October 10th is the National Day for the Republic of China (Taiwan) it is often called Double Tenth National Day

the People's Republic of China is the officially recognized country in Canada and we have no reason to say 'no'. However, in the future if Taiwan asked to do the same thing and if we say 'Yes' I am sure Chinese Consulate will object to that. ... If we have to say no then we will need to make sure that within our policy that Taiwan is not an officially recognized country and that their flag is not being flown in Ottawa !

This can be tricky since our Mayor and councilors have relationships with both !

Thank you, Your Excellency. It is an honour to be here with you today.

Welcome to Vancouver City Hall.

I'd like to start by thanking the **The Canadian Alliance of Chinese Associations** for organizing this special celebration.

We recognize that Vancouver is on the unceded homelands of the Musqueam, Squamish, and Tsleil-Waututh nations and we thank them for their hospitality.

I'm so proud that the flag of the People's Republic of China will be raised at Vancouver City Hall today! The National

3

Flag of China will fly at City Hall to acknowledge not just the 67th Anniversary **of the founding of the People's Republic of** China, but also to acknowledge the many contributions that members of our Chinese community have made to this country and our great city.

Canada and China's relationship has remained strong since the establishment of diplomatic relations in 1970. We share the values of open trade, and the importance of cultural and educational exchanges for our youth to experience each **other's country and people.**

We have over 400,000 residents in the Vancouver region of Chinese origin and Chinese is the second most spoken language in our city after English. These ties are reflected in the numerous twinning partnerships at the provincial and municipal levels.

4

The City of Vancouver has enjoyed its sister city relationship with Guangzhou since 1985. The twinning was seen as an important door opener for the business community and a means of reuniting the Canadian Chinese and the Mainland Chinese communities. Since that time, our relationship with Guangzhou has grown stronger and stronger each year. We were honoured last year to host Mayor Chen in Vancouver. It was wonderful to show him around our city and show him how important Chinese culture is to the fabric of our multicultural community.

I want to commend all the leaders in the Chinese community here today who have organized National Day festivities. Our city is grateful for your energy and commitment.

5

National Days are unique opportunities for citizens both young and old, in communities both big and small, to come **together and reflect on their country's rich history and** culture, and the exciting future that lies ahead. I have no doubt the Chinese community here in Vancouver and around the world will celebrate today in a very special way.

Enjoy your National Day celebrations.

Hello Rosemary,

A flag raising for the National Day of People's Republic of China will take place at City Hall on Friday, September 30, 2016 at 11:am. The organizing group would like to use Councillors' parking lot for crowd over flow (which could exceed 200 people). Given that most Councillors will be at UBCM that day, could we reserve the Councillors' parking lot on Friday, September 30, 2016 for this event?

Thank you, Your Excellency. It is an honour to be here with you today.

Welcome to Vancouver City Hall.

I'd like to start by thanking the **The Canadian Alliance of Chinese Associations** for organizing this special celebration.

We recognize that Vancouver is on the unceded homelands of the Musqueam, Squamish, and Tsleil-Waututh nations and we thank them for their hospitality.

I'm so proud that the flag of the People's Republic of China will be raised at Vancouver City Hall today! The National

3

Flag of China will fly at City Hall to acknowledge not just the 67th Anniversary **of the founding of the People's Republic of** China, but also to acknowledge the many contributions that members of our Chinese community have made to this country and our great city.

Canada and China's relationship has remained strong since the establishment of diplomatic relations in 1970. We share the values of open trade, and the importance of cultural and educational exchanges for our youth to experience each **other's country and people.**

We have over 400,000 residents in the Vancouver region of Chinese origin and Chinese is the second most spoken language in our city after English. These ties are reflected in the numerous twinning partnerships at the provincial and municipal levels.

4

The City of Vancouver has enjoyed its sister city relationship with Guangzhou since 1985. The twinning was seen as an important door opener for the business community and a means of reuniting the Canadian Chinese and the Mainland Chinese communities. Since that time, our relationship with Guangzhou has grown stronger and stronger each year. We were honoured last year to host Mayor Chen in Vancouver. It was wonderful to show him around our city and show him how important Chinese culture is to the fabric of our multicultural community.

I want to commend all the leaders in the Chinese community here today who have organized National Day festivities. Our city is grateful for your energy and commitment.

5

National Days are unique opportunities for citizens both young and old, in communities both big and small, to come **together and reflect on their country's rich history and** culture, and the exciting future that lies ahead. I have no doubt the Chinese community here in Vancouver and around the world will celebrate today in a very special way.

Enjoy your National Day celebrations.

Hi All, I know you are all away on Sep 30 but want to give a heads up on this event. This is the first time the PRC is doing a flag raising at city hall for their National Day and they arranged it through me. Right now only Councillor Ball is available to attend. I have asked Protocol to hold off confirming with her until I've checked with all of you that no one can leave UBCM a bit early on Friday morning to represent the city at this inaugural PRC Flag Raising at city hall. Consul General Liu Fei will attend.

Please let me know. Thanks!

Dear Pearl,

The Clarification about flag raising is as below, and we hope you could transfer to Kerry and Mayor and your colleagues.
Thank you very much.

Clarification Regarding the Flag Raising Ceremony
by the Canadian Alliance of Chinese Associations

At 11:00 on the morning of September 30, the Canadian Alliance of Chinese Associations held a flag raising ceremony at Vancouver City Hall to celebrate the 67th anniversary of the establishment of the People's Republic of China. The ceremony was dignified, moving, moderate and warm. Everyone felt gratified to be able to raise the flag of their ancestral home on its National Holiday at City Hall, and felt even more grateful for Canada's broad-minded and magnanimous equal treatment accorded to immigrants of all ethnic backgrounds.

Prior to our flag raising ceremony at City Hall, the Government of Vancouver had raised flags of ancestral homelands for countless Canadian minority ethnic groups. Some Chinese think that the flag of China can only be raised in Chinatown, but actually, our City Government uses a multi-ethnic mentality in treating immigrants from different countries, understanding their sentimental attachment to their ancestral home, wishing to offer cooperation for their activities, and the flagpole in front of City Hall is indeed used for flag raising ceremonies for different countries, groups or organizations.

Several of our Association members have said that participating in that ceremony made them feel even more aware of Canada's greatness. Canada magnanimously admits and accepts immigrants from different ethnic backgrounds, and while they earnestly try to merge into the local culture, allows them to inherit and carry forward their original ethnic culture, and offers a site for them to carry out commemorative activities on the national holiday of their ancestral home. This all makes us feel warmly accepted, and makes us feel our love for Canada even more strongly.

However, after our flag raising ceremony was reported in the media, it lead to unprovoked censure from a few individuals, even calling for the removal from office of Acting Mayor Kerry Jang, their focal point being the provision of red scarfs for special guests. There was some criticism that these were the "red scarfs of Young Pioneers," who would carry forward the torch of communism; and some said that the "red scarfs of Young

Pioneers" caused people to think of China's "Great Cultural Revolution".

¥u8203 ?Actually, these criticisms are forced analogies that confuse public opinion. Firstly, what the special guests were given were not "red scarfs of Young Pioneers", but were square shaped red scarfs. The original plan was to make long red scarfs, but the provider misunderstood, and made square scarfs. They were originally to be for our female Alliance members to indicate celebration, and to let people easily recognize that they were organization personnel, but then we felt that it would be better to use them for honored guests to make them more visible, so we folded them into a triangular shape for honored guests to wear as scarfs, but there weren't enough for every honored guest to wear. Because the square scarfs folded into triangular shapes gave some people the impression they were like Young Pioneer red scarfs, even though the size and material used were both quite different. At the time, none of our organization personnel thought about a Young Pioneer connection.

¥u8203 ?Secondly, the Young Pioneer red scarfs in China were made for children aged 6 to 12, and not for adults to wear at all. Usually adult Chinese would not wear a Young Pioneer red scarf for a flag raising ceremony.

¥u8203 ?Thirdly, during the Chinese "Great Cultural Revolution", no one wore "Young Pioneer red scarfs" during revolutionary activity. The rebel factions wore red armbands bearing the words "Red Guard". On the contrary, the "Young Pioneer red scarf" was not worn during the Cultural Revolution at all, and was not reinstated until after the conclusion of the Cultural Revolution.

¥u8203 ?What was in fact a dignified, moving, moderate and warm ceremony, under the strained interpretation of a few people to arouse public indignation through their criticism, compounded by the hubbub created by media who didn't understand the true situation was given an extremely politicized spin, creating unpleasantness for Councillor Kerry Jang and Member of Parliament Joe Peschisolido, for which we express our deep regret. City Councillor Kerry Jang and MP Joe Peschisolido are totally innocent of any involvement. This was due to shortcomings in our own organizational efforts, which created the mistaken impression of "Young Pioneer red scarfs", and we hereby offer our sincere apology. On the other hand, we totally reject the groundless criticisms of "communism" and "Great Cultural Revolution".

¥u8203 ?The Canadian Alliance of Chinese Associations is a joint organization made up of Chinese groups and established in 2008. At present it consists of 110 organizations most of whose members are immigrants who came from the Chinese mainland. Since the Alliance's founding, it has guided new immigrants to actively merge into their local community and to eagerly participate in social welfare activities. Whether it be earthquake relief in China, tsunami relief in South Asia, typhoon relief in Taiwan, earthquake relief in Japan, wildfire relief in Alberta, or local hospital support and fundraising for seniors and children, our Alliance mobilizes its members to donate money and manpower to relieve the needy. Early this year, together with other community organizations, we donated \$100,000 to assist in the renovation of the cemetery in historic Barkerville in northern B.C.; in late spring and early summer, the Province of Alberta suffered a horrific wildfire, and our Alliance donated a total of \$270,000 to the Canadian Red Cross for wildfire relief. On July 1 of each year for the past five years, our Alliance has organized a team of 500 people to take part in the huge parade in downtown Vancouver in celebration of our National Day.

¥u8203 ?What still remains to be explained is, while the Vancouver City Hall grounds have four main flagpoles, the one on top of the building always displays the flag of Canada, the two large flagpoles to the left of the North Entrance always display the flags of British Columbia and Vancouver, and the somewhat smaller flagpole directly in front of the North Entrance normally displays no flag, and is used only for raising flags celebrating activities involving different countries, groups or organizations.
