

Speed Hump Request Form

Thank you for your interest in calming traffic in your neighbourhood. Please take a moment to read and fill out this form which will assist staff with responding to your request for speed humps on your street.

Prior to submitting a speed hump request form please read the City of Vancouver Traffic Calming and Safety web site carefully to ensure speed humps are the appropriate traffic calming measure for your street: <http://vancouver.ca/streets-transportation/traffic-calming-and-safety.aspx>.

NAME: _____

ADDRESS: _____

PHONE: _____ EMAIL: _____

1. Is the cause of speeding on your street localized? YES NO If yes, consider having a neighbourhood meeting to discuss desired driving habits instead of submitting a speed hump request form.
2. Is the cause of speeding on your street the result of congestion on a nearby arterial street or the result of nearby construction? YES NO If yes, staff will focus on addressing the causes.
3. Is speed on your street generally within five km/h of the posted speed? YES NO If yes, then speed humps might not be warranted.
4. Do any of the following conditions apply to your street:
 - Street designated as an emergency response route. YES NO
 - Street adjacent to a fire hall or hospital. YES NO
 - Bus routes. YES NO
 - Street in an industrial area used by trucks. YES NO
 - Steep grades or sharp curves. YES NO
 - Collector or arterial street. YES NO
 - Cul-de-sacs or dead end street. YES NO

If yes to any of the above conditions, speed humps are not permitted.

5. Is speeding occurring during specific times of day or days of the week? YES NO
If yes please specify. _____

6. Is speeding a problem in your back lane? YES NO If yes, please contact Engineering Services at (604) 873-7206 for information on the Local Improvement Program.
