

GOAL: *A diversity of affordable housing options to meet the needs of present and future residents of Grandview-Woodland*

Grandview-Woodland has an array of housing - both in its apartment areas, its social housing facilities, its co-ops and heritage homes, as well as in its single-family and duplex zones. But at the same time the neighbourhood also has a well-identified need for both security of tenure and additional housing options along the housing continuum.

The new Grandview-Woodland Community Plan will be built around seven key housing strategies.
