Dear Community Centre Association Presidents and Directors,

**Re: JOA Consultation Session #2: Programming & Administration \*DRAFT 2\***

Thanks again for your feedback on the second set of JOA components: Programming and Administration.

We received many comments through the June 14<sup>th</sup> consultation session and the online feedback survey. In response, we are attaching the following:

- 1) A report produced by the facilitator, Raymond Penner, which includes *all* comments from both the consultation session and the online feedback survey;
- 2) A tracked changes document (Draft 2) of revised content; and
- 3) A summary to describe how your feedback was incorporated into the revised content (Draft 2) and respond to feedback which was not incorporated.

As you review the attached, please keep in mind that the content is still draft. As previously mentioned in our email from May 27 describing the revisions to the process in response to the request from a number of CCAs, it is important to note that early "Draft 2" versions might go through further changes after discussion at subsequent sessions. For example, as we continue to discuss new components of the JOA at each consultation session, content on previously discussed components could evolve based on joint consideration of the draft JOA as a whole. In other words, this revised content circulated should be considered as draft and not final until all parties have had the opportunity to complete the overall discussions.

We hope you find this information helpful, and we look forward to seeing you at the next consultation session on Tuesday, July 26<sup>th</sup> at Kerrisdale Community Centre to hear your feedback on draft content for Dispute Resolution, Term, Amending of Agreement and Ending of Agreement.

Sincerely,

Sarah Kirby-Yung
