

Thank you!

Broadway and Commercial: Exploring options for a high-density transit-oriented community

We're grateful for your participation in today's event. Your contributions will help us to craft a series of options around the future of **Broadway and Commercial**. There will also be additional on-line and in-person activities.

Information gathered as part of our July 2013 events will be shared back with the community in the next couple of months. We will also be presenting community feedback about other aspects of the **DRAFT Emerging Directions**.

In addition, City Council has asked the Planning Department to prepare recommendations around **additional Community Plan process steps and timeline changes**. We will be presenting this to Council in late September 2013.

We know that Broadway and Commercial is just one of the areas that community members want to discuss as part of the Grandview-Woodland Community Plan. Our recommendations to Council will discuss **other areas of consideration** as well.

**The Community Plan is a work in progress.
We need to take the time to get it right!**

Please stay involved. See one of our staff to sign up for our mailing list, or visit vancouver.ca/gw to find out about future community plan events and activities.
