

**GREENEST CITY 2020
HOME ENERGY
LOAN PROGRAM**

Qualifying Upgrades

Upgrades	Maximum financing per item including taxes
ENERGY STAR natural gas furnace*	\$5,500
ENERGY STAR natural gas boiler*	\$5,800
Air source heat pump system*	\$7,800
Hot water heater (energy factor > .61)	\$1,400
Increase attic insulation*	\$1,800
Increase exterior wall insulation*	\$4,800
Increase basement/crawlspace insulation*	\$1,400
Weatherization**	\$1,000

The upgrades that are covered under the Home Energy Loan Program were carefully selected based on research showing associated savings on BC Hydro and FortisBC energy bills. On average, these upgrades yield the greatest costs savings for the average single family home or duplex.

* Must meet LiveSmart BC standards

** Weatherization: Must demonstrate reduction in equivalent leakage area (ELA)
