

Kensington Skateboard Park

Recommendation

THAT the Board direct staff to conduct a public consultation process with respect to potential installation of a skateboard park within Kensington Park.

Locational Criteria

Locate new skateboard facilities in parks or portions of parks that meet as many of the following criteria as possible:

- a) the proposed skateboard facility should be located where some support services are available nearby (e.g. public washrooms, drinking fountain, youth worker, first aid);
- b) the proposed skateboard facility should be located where noise can be minimized for nearby residents;
- c) the proposed skateboard facility should be located where it is visible from a Park Board building or from a nearby street;
- d) the proposed skateboard facility should not displace other established park uses or a group of park users; and
- e) the proposed skateboard facility should not be significantly out of character with the park.
