

# Thunderbird Community Centre Request for Program Subsidy

The Thunderbird Neighbourhood Association is committed to ensuring that all members of the Thunderbird catchment community have access to programs and services regardless of ability to pay.

### Board Policy

ALL programs at Thunderbird are subsidized and the fees and charges are set at the lowest rate possible. The Thunderbird Neighbourhood Association has a policy to assist those community residents who cannot afford the advertised fee of certain programs or activities. Subsidies are a way to provide access and will be distributed based on availability in a fair and equitable manner.

### Guidelines

- § Subsidies will be up to 50% of the program fee for Thunderbird catchment residents and will be reviewed by the Recreation Programmer or Community Recreation Coordinator.
- § Requests for further subsidies must be made to the Coordinator in writing and may be provided in exceptional circumstances.
- § Because not all subsidies can be accommodated, the number of subsidies per family is limited.
- § The Thunderbird Association reserves the right to deny a subsidy to any individual or group.
- § For more information about this policy and process, please contact the Recreation Programmer or Community Recreation Coordinator at 604-713-1818.
