| Pending                           | A member of the public contacted our committee with concerns about Translink's Bus Stop Balancing project. The Seniors Advisory Committee and Persons with Disabilities Advisory Committee have also discussing the issue. This issue clearly affects all residents of Vancouver, including 2SLGBTQ+ communities and other marginalized groups who rely on public transit. | <p>Incomplete follow-up:</p> <p>It is unclear how much of this issue is within the purview of the City. Councillor Bligh agreed to raise the issue as an enquiry at an upcoming Council meeting. Paul Czene, our staff liaison, is requesting more information regarding the Planning Department's role in this matter.</p> | The incoming committee is encouraged to request a status update on this item from Councillor Bligh and staff liaison Paul Czene. |
