

Dunsmuir Connection

WHAT IS THE DUNSMUIR CONNECTION?

- » New pedestrian and cycling corridor for people to travel from Downtown to False Creek and beyond
- » Downtown connection to the Northeast False Creek neighbourhood, Chinatown, parks and seawall

WHY IS THE CONNECTION NEEDED?

- » Replaces existing sidewalks and bike lanes currently part of the Georgia and Dunsmuir Viaducts
- » Offers a significant improvement in overall street network connectivity
- » Required to bridge the 15m elevation change between Downtown and False Creek

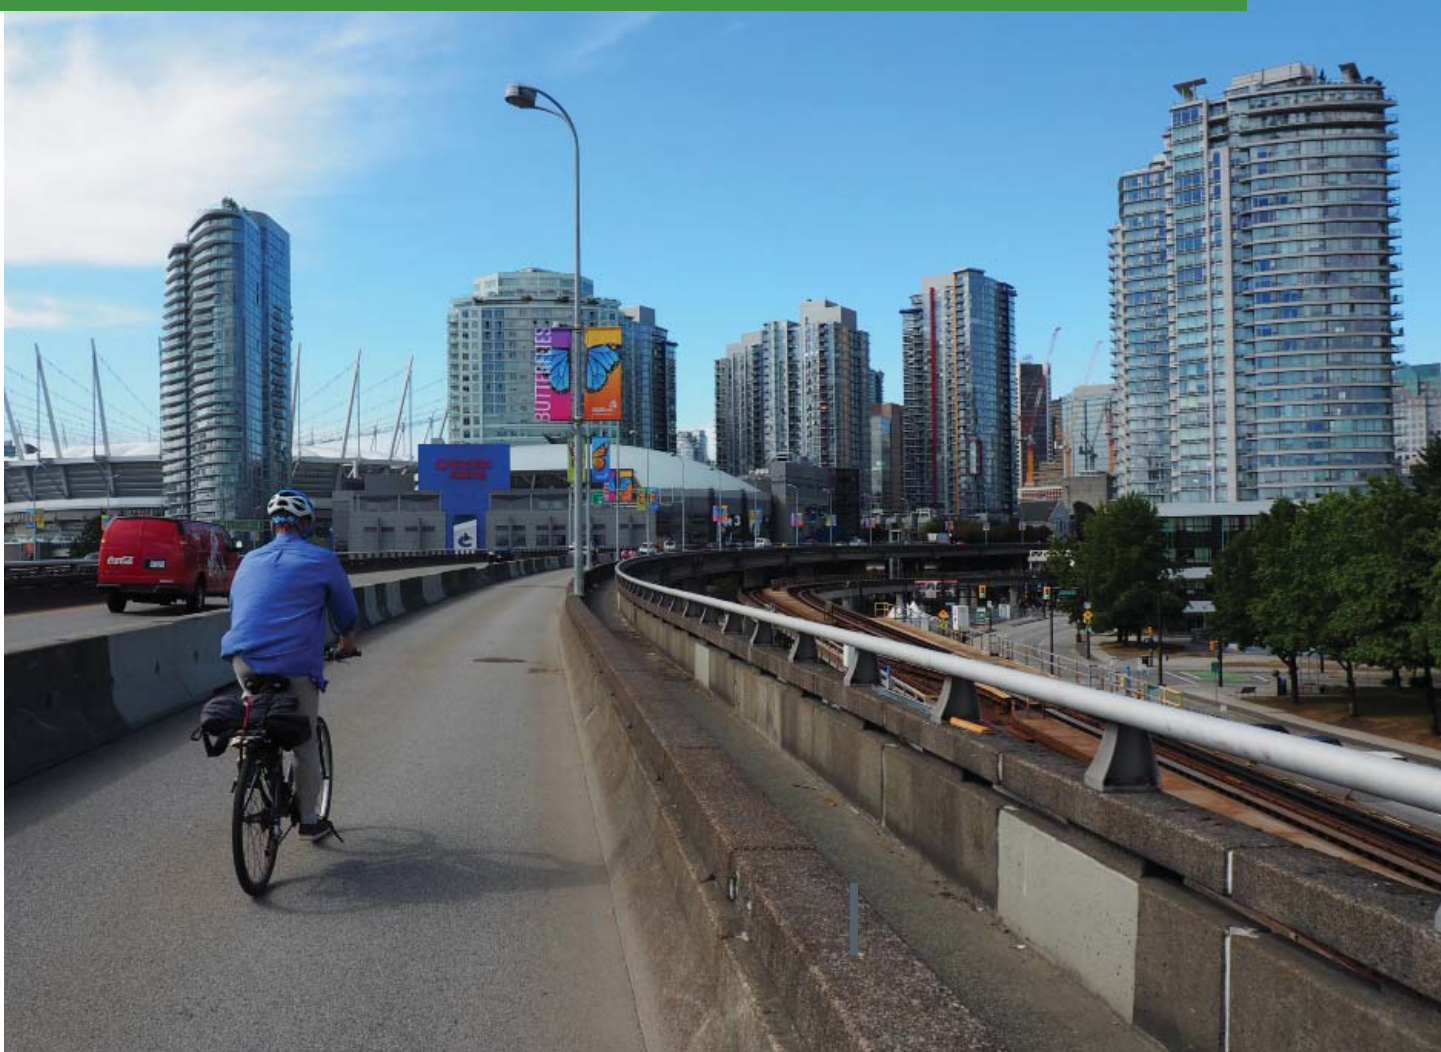

WHAT COULD IT INCLUDE?

- » Places to pause and enjoy views of the city
- » Unique placemaking features
- » Public space opportunities
- » Seating, landscaping, lighting, congregating
- » A park like experience
