**Subject:** Upcoming IB - West Georgia Paving & Traffic Impacts

Dear Mayor and Council,

The West Georgia water main upgrades are now complete with the road now ready for paving. We will be issuing an Information Bulletin to inform the public of the traffic impacts during the three days of the paving process later this week and to consider planning an alternate route as delays are expected due to lane and road closures. The good news is this project is close to complete and when vehicle traffic returns to normal volumes there will be no construction disruption.

Best,  
Sadhu
