Subject: RE: Questions for staff - Tuesday Council

Dear Mayor and Council,

Please see the response from staff on the first question below. We will send the other responses as soon as we receive them.

Reports – Acquisition of Social Housing

Q: Why does 30,678 ft² create 24 units of social housing at the Robson St building, and 35,470 ft² create 51 units in the Davie St building? Are the Robson ones all family units? It's a big unit-difference for a relatively similar amount of square footage.

Yes, it's the unit mix/size. There is a larger proportion of family units (58%) and 2 family-childcare units at 1555 Robson.

Best,
Sadhu

Referral Report – C2

Q: When can we expect to see a referral report on 4-6 story rental off arterials (as per the staff report Council approved)?

Q: When can we expect to see a referral report on adding rental in C-2 to the rental replacement ODP?

Q: (For now or for Public Hearing if the referral succeeds). The referral report doesn't mention air pollution and related equity issue with keeping rental on arterials. Has that been part of staff work? It'd be great to hear staff speak to special and housing equity as it relates to statements in the public about rental housing on arterials acting as a buffer to protect neighbourhoods from noise and pollution.
