Attachments:	CMO - IGR - Government Respons~ to COVID-19 (March-July 2020).xlsx	

Good Morning Mayor and Council,

Below is a selection of announcements and activities from across Canada that have been added to the attached Government Responses to COVID-19 tracker since Thursday, July 2<sup>nd</sup>.

## **Provincial Updates**

- The B.C. government is extending federal employment insurance exemptions and the provincial temporary crisis supplement. These extensions will help ensure people on income or disability assistance and low-income seniors will continue to have access to the supports they need during the pandemic.
  - The temporary \$300 crisis supplement will continue to be automatically applied to cheques distributed July 22 and Aug. 26, 2020.
- □ The B.C. government has formally extended the provincial state of emergency until July 21, allowing Mike Farnworth, Minister of Public Safety and Solicitor General, to continue to use extraordinary powers under the Emergency Program Act to support the Province's COVID-19 pandemic response.
- The Province of Ontario is investing \$3 million to provide free online health and safety training for the first time. The virtual courses will make it easier for job seekers and workers to get essential qualifications, while practicing physical distancing and preventing the spread of COVID-19.
- The Ontario Government is also helping restaurant and bar owners reopen and safely serve more customers by issuing a new emergency order and amending another under s.7.0.2 (4) of the *Emergency Management and Civil Protection Act*, which will allow municipalities to quickly pass temporary bylaws for the creation and extension of patios and allow covered outdoor dining areas to serve customers.
- The government of Ontario has developed a made-in-Ontario plan for growth, renewal and economic recovery. This plan includes measures that would make it easier and faster to build provincial highways, major transit infrastructure projects and quality, affordable housing, while ensuring there are meaningful opportunities for community consultation and input.
- Ontario has introduced legislation to extend emergency orders into next year, as the province reports 112 new cases.
  - The legislation, to be tabled Wednesday, would allow the government to extend or amend some emergency orders a month at a time, with the law expiring a year after it's passed.

## **Municipal Updates**

- The City of Vancouver is asking Vancouverites to have their say on COVID-19 recovery efforts through its new Measuring Ongoing Impacts of COVID-19 survey.
- The Vancouver Public Library is reopening its central branch and four other locations on July 14.
- □ The City of Edmonton is gearing up to open local arenas.
- □ The City of Montreal has allowed nightclubs to open under strict new guidelines.
- The City of Ottawa says some in-person municipal services to resume starting July 6, with new COVID-19

protocols in place. Childcare centres will also reopen.

## Other:

- Infrastructure projects across Greater Victoria and Vancouver Island are getting a boost from the provincial and federal governments. Infrastructure Canada says the investment will support economic recovery during the COVID-19 pandemic as the projects get underway. Funding for 22 projects in Island communities was announced by ministers on Friday, July 3. The projects include improvements to community centres, health centres, stormwater management, drinking water and wastewater facilities, cultural facilities and social support hubs.
- □ ICBC will resume non-commercial road tests on July 20<sup>th</sup>.
