Subject: Motions for July 20 Council agenda

Good afternoon Mayor and Council,

As some of you are aware, draft motions that were submitted for staff review last week did not actually make it to staff due to a failure of the technology application we use to support that process.

We only recognized this issue at mid-day today and, as a result, there were four motions that staff did not review until this afternoon. Councillors who submitted the motions received the staff response shortly before the deadline for submission to the Clerk for inclusion on the agenda for next week and did not have a reasonable opportunity to consider or do anything with that information.

We are currently investigating the cause of the technical problem and expect to have it resolved for your next meeting. In the meantime, I am sharing the above information as context for the motions that will be on the agenda.

Apologies again to those Councillors who submitted motions and were waiting to hear back from us.

Best,
Paul
