Subject: Virtual Covid19 Recovery Program Council of Councils Workshop

Dear Mayor and Council,

We will be convening a virtual Covid19 Recovery Program Council of Councils workshop toward the end of September. The objective of this session will be to solicit meaningful feedback/input from the Advisory Committees concerning the City's Covid19 recovery work.

City Council members are invited to attend, and you will see an invitation in your calendar once it has been booked.

This session will be an interactive workshop, with representatives from each Advisory Committee -- we're anticipating about fifty participants in total. In order to allow maximum time for Advisory Committee members to provide their input, we will be limiting staff presentations by circulating materials for review in advance of the session.

The majority of the workshop time will be spent in small breakout groups and subsequent large-group debriefs/q&a.

Please keep an eye out for the workshop materials, which will be distributed two weeks in advance of this session.

Please contact Karen Levitt if you have any questions concerning this upcoming workshop.

Best,
Sadhu
