Subject: Heavy rainfall event - Friday

Good afternoon Mayor and Council,

Based on current forecasts, we are anticipating a period of significant rainfall commencing overnight tonight and intensifying through the day on Friday. As this is the first heavy rain of the season following drought conditions and will be accompanied by windy conditions, we may see greater impact compared to late-season rain, including conditions for flooding, high stream flows and debris.

Engineering has activated our weather response protocol and we will have resources deployed to respond to impacts of the storm. Staff from Park Board, REFM, 3-1-1, Communications and VEMA are also engaged.

Please let me know if you require any additional information.

Best,
Paul

Paul Mochrie (he/him)
