Subject: False Creek South Oct 21st Presentation - Correction

Dear Mayor and Council,

It has just come to my attention that there is a **material error** on one of the diagrams used in the False Creek South report, RTS 14378.

This diagram (shown below) is used in Figure 4 in the Council report, and on slide 29 of the accompanying presentation (title, "New Sites and Open Space Option: Phase 1.3 – 2036 to 2040").

The diagram in the distributed report/presentation, indicates that the tall tower alongside Granville Bridge is intended to be a strata building (coded red), when in fact it is intended to be a **co-op/non-market building**, and should be coded yellow on this slide. The building in question is circled in pink in the figure below.

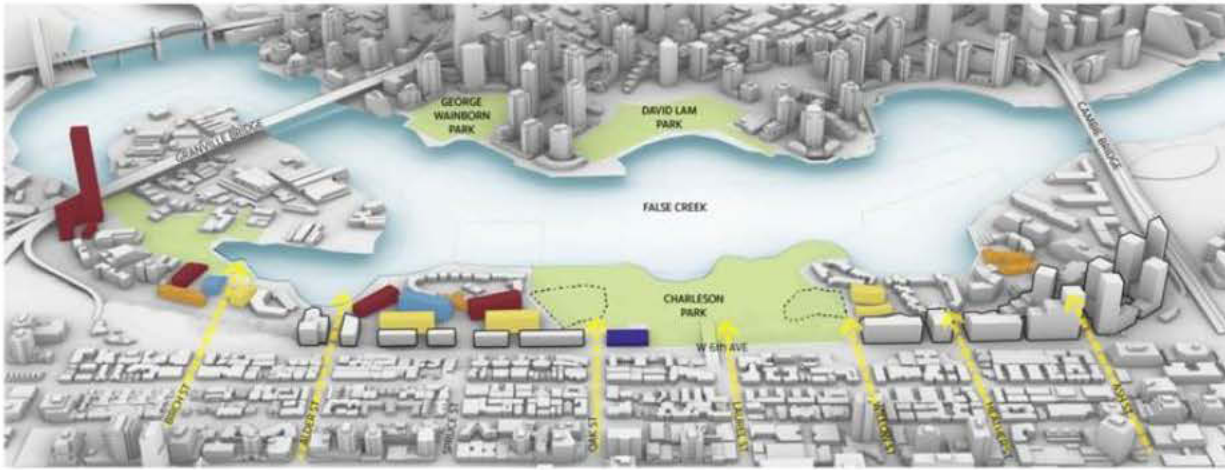

The Clerk will be posting the an updated Council report and presentation with the corrected diagrams. The corrected diagram is attached here for your information.

We apologise for this oversight, and will make this correction clear when we present to Council.

Thanks,

Karen

New Sites and Open Space Option: Phase 1.3 – 2036 to 2040

- Expand Open Space
- Relocate & Develop False Creek Elementary School
- Strata
- Market Rental
- Co-op
- Non-Market Rental Seniors, Care And Family
