**Subject:** RE: Earthquake Preparedness Strategy Project Update - Disaster Support Hubs

Greetings Mayor and Council-

We probably should have mentioned in this memo that we'll be doing a big communications push on this initiative starting in May with Earthquake preparedness week, where we'll have an event featuring the quake cottage at a public event at Science World. We'll also be doing a presentation at council in early April on the Disaster Support Hubs.

Thanks

Sadhu

Subject: Earthquake Preparedness Strategy Project Update - Disaster Support Hubs

Dear Mayor and Council,

Please see the attached memo regarding the Earthquake Preparedness Strategy project update on Disaster Support Hubs.

A short summary of the memos is as follows:

- As part of the year one update to the Earthquake Preparedness Strategy in February 2015, the installation of Disaster Support Hubs was highlighted as a priority action
- The initiative involves posting Disaster Support Hub signage at selected sites to indicate areas where citizens can gather to share information and resources following an earthquake.
- In Vancouver, the Disaster Support Hub signs will be posted at 25 locations throughout Vancouver starting in March and April.

Best,  
Sadhu

Sadhu A. Johnston  
Acting City Manager  
City of Vancouver
