Subject: VAG 420 protest

Good Evening Mayor and Council-

After a long day of back and forth with the folks wanting to take over the, VAG north plaza, the protesters (about 30) have agreed to go to the South side of the VAG so that the North side can be fenced and work can commence tomorrow as planned. We are hoping to conduct the necessary work on the North Plaza so that it can be available to events with permits in the weeks ahead. I am happy to say that this was done without any violence despite some members of the group's aggressive stance toward the city. I will keep you posted as this evolves in the days ahead.

Thanks

Sadhu
