**Subject:** St paul's hospital relocation consultation going ahead

Good afternoon Mayor and Councilors,

This is a brief update on the progress and upcoming consultation for the new St. Paul's Hospital and integrated health campus. We have received a detailed submission package and set of consultation boards from Providence Health Care (PHC) proposing two potential Development Concepts for the site. Staff are continuing their technical review of the materials, but are generally pleased with the recent progress and now support taking the concepts out for public consultation.

The following five consultation events have been scheduled and begin next week:

| Workshops   | Open Houses  |
|---|--|
| <p><b>Workshop A: City Advisory Committees</b><br/> Monday, June 13 – 5:30pm - 8:30pm<br/> City Hall, Town Hall meeting room</p>  | <p><b>Open House 1: Public Event</b><br/> Saturday, June 18 – 9:30am - 12:30pm<br/> Creekside Community Centre</p>                     |
| <p><b>Workshop B: Invited Community Stakeholders</b><br/> Thursday, June 16 – 9am - 12pm<br/> Creekside Community Centre</p>      | <p><b>Open House 2: Public Event</b><br/> Wednesday, June 22 – 4pm - 7pm<br/> Thornton Park (under tents near the Farmer's Market)</p> |
| <p><b>Workshop C: Invited Community Stakeholders</b><br/> Thursday, June 16 – 5:30pm - 8:30pm<br/> Creekside Community Centre</p> |  |

All presentation materials will be posted online on June 18, and a public questionnaire will be available from June 18-28 asking for additional feedback on the Development Concepts. Please note that a Social Impact Assessment is also underway including consultation and analysis by CommunityIMPACT Consulting on behalf of the City. We anticipate receiving a draft of this report in July and details will be included in the Policy Statement to be presented to Council.
