Subject: Housing Refresh // What do you think about affordable housing?

Dear Mayor and Council,

As many of you know, the City is undertaking a 'refresh' of the Housing & Homelessness Strategy (2012-2021). Just as we engaged with partners for the formation of this strategy, we are beginning the engagement process with partners and the public to seek ideas for the 5-year action strategy that will take us to 2021.

Although the City experiences many of the same housing challenges as it did in 2016, there are some new emerging contexts Vancouver and other global cities such as London, New York and Sydney, are also experiencing. The 'refresh' will seek to align the City and its partners with the actions needed to meet housing goals and targets for the future within these new contexts.

Cause & Affect is assisting us in undertaking this engagement and action alignment for the 'refresh', including an online questionnaire we are hoping staff from all departments and you as Mayor and City Councillors will have the opportunity to participate in: <https://causeandaffected.typeform.com/to/ckOox2>.

Thank you and we look forward to sharing the results with you as we move forward into the next steps.

Best,

Sadhu
