Subject: Report Back - RTS 011577 - Kinder Morgan Expansion - City Website

Dear Mayor and Council,

This is in response to Councillor Carr's request below at Council on July 12, 2016.

An enquiry for information as to whether the City provided a response to Environment & Climate Change Canada report on upstream GHG emissions related to KM expansion project, and a request that it be put on the City's website, if possible. Also enquired whether a link to the federal government's online questionnaire seeking community feedback on the pipeline project could be put on the City's website.

The City did provide a formal response to the Environment & Climate Change Canada report on upstream GHG emissions related to the Kinder Morgan expansion project and this response was posted immediately afterward on our Trans Mountain Pipeline Website. Also, we have followed through on your request to add a link to the federal government's online questionnaire seeking community feedback on the pipeline project. Both of these can be found here: <http://vancouver.ca/news-calendar/city-submits-letter-of-comment-to-environment-and-climate-change-canada-on-kinder-morgan-proposal.aspx>

The City is also preparing separate responses to the National Energy Board and the Canadian Environmental Assessment Agency process reviews.

Please contact Doug Smith @ 604.829.4308 or doug.smith@vancouver.ca, if you have any questions or comments.

Best
Sadhu
