Subject: The Royal Visit

Dear City Councillors and Commissioners,

Please save the date to attend the Royal Tour stop at Kitsilano Coast Guard station this Sunday, September 25. The Royal Couple are scheduled to be at the station from 3 - 3:45 PM.

There will be a special viewing area at the event where Council and Park Board Commissioners can watch the Royal Couple tour first responder displays, before the official farewell as they leave Vancouver. More details will be sent later this week including when you need to arrive, parking, and instructions for checking in.

Please RSVP to wendy.au@vancouver.ca if you plan to attend.

[Stop 5: Kitsilano Coast Guard Station](#)

Will and Kate's final public reception in Vancouver will be at the recently reopened Kitsilano Coast Guard Station for a first responders showcase. "This enhanced station, the first of its kind in Canada, works with Indigenous groups, coastal communities and local response partners to provide improved marine safety off Canada's West Coast," according to the Royal Tour press release. The issue of improving mental health for those who serve others — Canada's first responders — will be discussed.

Thanks and let me know if you have any questions.
