Subject: Commodore Road Work

Greetings Mayor and Council-

Happy New Year!

I was asked last Fall by at least one Councillor about the work being completed at Commodore Road (beside the south side of Cambie Street bridge). We are conducting soil remediation. I wanted to inform you that the completion date has been delayed from December 2015 to February 2016, due to weather conditions and additional contamination encountered during the remediation.

We have improved signage on site to better let the public know what work is being conducted and the timeline.

Thanks

Sadhu
