**Subject:** Your daily weather report and road conditions update

Greetings Mayor and Council-

Here's your morning weather update: dry and cold through the day today and tonight. Temps remain below freezing. Clouds increase tonight as a system passes by to the south, but all precipitation remains well south of the area. Despite the clear skies, it's icy, so our crews remain diligent trying to improve the conditions on the roads. Here's our planned operations for the day:

- Six Salter/plow on hot spots, and 311 calls
- Two Brine units on main routes
- Two Salter/plow on priority hills
- One Kubota on priority bike routes
- One Salter/plow on shared bike routes
- Maintenance crews hand salting sidewalks, bus stops, and responding to 311 requests

Best  
Sadhu
