Subject: Invitation - Andy Gouldson visit - March 3rd from 2:30 - 3:30 pm

Dear Mayor, Council and Corporate Management Team,

Next week Professor Andy Gouldson from the University of Leeds in England will be in Vancouver as a guest of the British Consular General presenting on his experience. Professor Gouldson is a world leader on low carbon economies, heads the Climate Smart Cities program in the UK, and has worked with cities such as Beijing, Leeds, and Lima to explore the economic arguments for decarbonization at a local level.

We have arranged a special interactive meeting with City staff on **March 3rd from 2:30-3:30pm** at City Hall in the **2nd Floor Business Centre Meeting Room** to exchange ideas and experiences on low carbon economies for municipalities. Professor Gouldson will provide a short presentation to start the meeting, followed by questions and discussion.

For more background on Professor Gouldson see: <http://www.cccep.ac.uk/profile/andy-gouldson/> .

A meeting invite will be sent out shortly. Please Accept or Decline so we can track numbers.

Best
Sadhu
