Subject: Power outage at creekside community centre

Good afternoon Mayor and Council:

There is an electrical failure at Creekside Community Centre. It does not appear to be a Hydro issue, so Park Board and REFM staff are working on it and an electrician is on way there to assess the issue.

Currently, there is no major operations impact to the centre as they can continue with natural light. However, a prolonged outage will require reassessment of programs for later today. I will update you as we learn more.

Best
Sadhu
