Dear s.22(1)

Re: Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")

I am responding to your request of February 14, 2017 for:

Any briefing materials issued by the Chief Technology Officer on the status (including timing and budget) of the "Posse" software system; any reports about Posse sent to Councillors. Time frame is August 1, 2016 to February 14, 2017.

There are no responsive records relating to this request. The Posse system implementation project was managed and executed by VSR (Vancouver Services Review) and then handed over to Technology Services as part of the post-implementation phase as of January 1, 2017. The Chief Technology Officer (CTO) is currently overseeing the transition of Posse system into the IT Operations and Service Management framework for operational oversight and post implementation support. The CTO is currently working to create a work delivery stream that incorporates Posse into the same framework as other operational IT systems.

Under section 52 of the Act you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your request. The Act allows you 30 business days from the date you receive this notice to request a review by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number assigned to your request (#04-1000-20-2017-064); 2) a copy of this letter; 3) a copy of your original request for information sent to the City of Vancouver; and 4) detailed reasons or grounds on which you are seeking the review.

Please do not hesitate to contact the Freedom of Information Office at foi@vancouver.ca if you have any questions.

Yours truly,
