Subject: Staffing Announcement: Director of Sustainability Group in PDS

Dear Corporate Management Team,

I am very pleased to announce that Doug Smith has accepted the position of Director of Sustainability in the Planning, Urban Design & Sustainability Department. Doug began in Sustainability in May 2013 as Assistant Director and has been acting in the Director role since November 2015 and will continue to report directly to me.

Doug graduated as a structural engineer from UBC and has held many roles in his 25 years at the City of Vancouver, and prior to that he worked at BC Hydro. To keep his hand in operations, Doug is also the Structural Specialist for Vancouver's Heavy Urban Search & Rescue Team and often acts as the Director of the Emergency Operations Centre.

In his role Doug will continue to support PDS and other City departments in delivering the Greenest City Action Plan, the Renewable City Strategy, the Green Operations Program, and the Climate Adaption Strategy.

Please join me in congratulating Doug as he carries on in this important role.

Gil

Gil Kelley, FAICP
