

File No.: 04-1000-20-2017-325

September 20, 2017

s.22(1)

Dear s.22(1)

Re: Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")

I am responding to your request of September 1, 2017 for:

All information held by the City of Vancouver and the Board of Parks and Recreation, including but not limited to, the categories themselves, correspondence, public input and personnel involved in the determination of those categories as well as their implementation, and procedures for public access, from January 1, 1996 to September 1, 2017.

All responsive links to records relating to the categories of records available to the public without a request for access as per s. 71(1) of the Freedom of Information and Protection of Privacy Act (FIPPA) are listed below. You can read or download this section here:

Please note: Your request for public input and personnel involved in the determination of those categories as well as their implementation, and procedures for public access, from January 1, 1996 to September 1, 2017 is still quite broad. We recommend reviewing this list in order to clarify a future FOI request.

Under section 52 of the Act you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your request. The Act allows you 30 business days from the date you receive this notice to request a review by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number assigned to your request (#04-1000-20-2017-325); 2) a copy of this letter; 3) a copy of your original request for information sent to the City of Vancouver; and 4) detailed reasons or grounds on which you are seeking the review.

Please do not hesitate to contact the Freedom of Information Office at foi@vancouver.ca if you have any questions.

Yours truly,

Barbara J. Van Fraassen, BA
Director, Access to Information & Privacy
