Subject: 78 new units of temporary modular housing built and ready for tenanting

Greetings Mayor and Council,

On April 27, the City, in partnership with the Province, PHS and Atira, will announce the completion of two new temporary modular housing buildings at 1131 Franklin Street and 525 Powell Street. Each building will have 39 new self-contained homes. Residents at both sites will have access to 24/7 support services, including life and employment skills training, health and wellness support services, and opportunities for volunteer work.

Four temporary modular housing buildings, including 525 Powell Street and 1131 Franklin, providing more than 150 homes, have opened in the City of Vancouver, and two more buildings are under construction.

Best,
Sadhu
