Subject: Zero Waste 2040 Strategic Plan and Single-Use Item Reduction Strategy Coming to Council

Greetings Mayor and Council,

On Thursday, May 10, the Council Report for the Zero Waste 2040 Strategic Plan and Single-Use Item Reduction Strategy will be made available on the Council agenda website. Once public, the City will release an information bulletin about the Single-Use Item Reduction Strategy to highlight what has changed since the last round of consultation. Additionally, stakeholders involved in both the Zero Waste 2040 and Single-Use Item processes will receive information and links to the reports.

On Friday, May 11, City staff will hold a technical briefing for media to provide additional background information on both strategies, as well as the Green Demolition by-law amendment recommendations that will be coming to Council on Wednesday, May 16.

Best,
Sadhu
