Subject: Upcoming News Release - PayByPhone

Greetings Mayor and Council,

Today, the City and PayByPhone will announce a new feature for the PayByPhone mobile app. Using the new PayByPhone "Park Until" function, users gain the convenience of leaving their car overnight at the meter, with the ability to pay in advance for parking until noon the next day where meters have a 3 hour limit. By encouraging drivers to plan their parking before a night out, it is hoped that this feature improves road safety by reducing the number of impaired motorists on the road.

Best,
Sadhu
