Subject: Upcoming NR - Union & Gore TMH Site

Greetings Mayor and Council,

On Wednesday, staff will be announcing to media the tenth site as part of the temporary modular housing program in Vancouver. With the consideration of this site, more than 600 units are at various stages of the development process, with 208 already complete. This site, the southwest corner of Union St. and Gore Ave. (which has the official address of 898 Main St), would provide new homes for approximately 50 people if approved. Indigenous residents experiencing homelessness will be a priority to house at this site.

The site has also received support from Hogan's Alley Society (HAS) Board who are exploring with the City and BC Housing potential opportunities for the proposed community to embrace and reflect the vision developed for this site by the Black community in the NEFC plan.

Best,
Sadhu
