Subject: Upcoming NR: Vancouver and Surrey call for innovation for future smart corridors

Greetings Mayor and Council,

In June of this year, the City of Vancouver and the City of Surrey were shortlisted as finalists for Infrastructure Canada's Smart Cities Challenge. We are now advancing the development of our final submission.

As part of this phase, we are calling on vendors that previously submitted expressions of interest to provide more detailed technology proposals for the development of collision-free smart transportation corridors in each city. Proponents will have until November 15 to provide their proposals.

The news release regarding this call of proposals will be released tomorrow.

Best,
Paul
