Dear s.22(1)

Re: **Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request of May 25, 2018 for:

The latest copy and the copies for the past 5 years of the City of Vancouver's tracking of sewer backups or statistics of sewer backups for the year at the highest level that includes number of occurrences, size and location. The geographic granularity of the request is by neighbourhood or equivalent, not individual blocks or addresses. The request includes a breakdown by causes or suspected causes for the backup, e.g. broken pipe, under-capacity of pipes, etc.

All responsive records are attached.

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2018-299); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

Cobi Falconer, FOI Case Manager, for
