Hello Krish,

Please see the attached letter in relation to the above noted development permit application. This application is refused based on the reason(s) described in the letter.

Should you wish to appeal the Director of Planning's decision to the Board of Variance, please be aware of the following conditions that may apply to your Building Permit application:

*The following comments are based on the preliminary drawings prepared by Simplex Home Design dated September 2017 for the proposed development permit. This is a preliminary review in order to identify issues which do not comply with the 2014 Vancouver Building Bylaw.*

*An architect will be required for the BP on this project as per the architect's act.*

*A strata letter will be required at BP application.*

*A security consultant report will be requested at BP application.*

*The section provided shows slab on grade, our records show there is a parkade under this building. Update section to show what is below and above the suite prior to BP application.*

*Review building classification prior to BP application. If 3.2.2.62 is to be applied this building would be required to be of non-combustible construction.*

*Code analysis states one exit is being provided, two are shown. Clarify.*

*Site plan to show the entire main floor layout.*

*Clarify if the proposed retail suite is accessible at BP application. Drawings appear to show a small step. Front entry is required to be accessible.*

*Provide FRR of floor and wall assemblies.*

*Door plans are too narrow.*

*The applicant may wish to retain the services of a qualified Building Code Consultant in case of difficulty in comprehending the comments and their potential impact on the proposal. Failure to address these issues may jeopardize the ability to obtain a Building Permit or delay the issuance of a Building Permit.*

I will contact you when your submitted drawings are ready for pick-up from our concierge desk.

Payam,

As per our earlier conversation as to the change of use application concerning 1518 Yew Street to a “medical marijuana” related use, I am strongly opposed to that kind of use in primary residential area like Kitsilano and specifically the area that is the subject of the aforementioned change of use application. The park is frequently used by families with children and I think uses like the aforesaid use should be relegated to areas with a strong concentrated retail presence in the urban core area only.

Sincerely,

Regarding the change of use from a restaurant at 1518 Yew St. to a pot shop would be a detriment to the area. It is a predominantly residential area, having owned a condo in the area for over 30 years, it is an unwelcome enterprise. Are there plans in place for enhanced police present in our neighborhood to ensure our safety? There is no shortage of these shops a short bus or bike ride away on Robson street where users have multiple choices.

### **Attention: Payam Fouladianpour**

Dear Sirs:

### **Re: Notice of Development Application** **1518 Yew Street DP-2017-01048**

Last week the Strata Plan VR763 received a Notice of Development for the change of use at 1518 Yew Street, Vancouver, BC. Per DP-2017-01048, the proposed change of use is from a restaurant to a Medical Marijuana Dispensary.

The Strata Plan VR763 is the corporation that manages the Beachcomber building at 1512-1520 Yew Street, Vancouver. The Beachcomber is a mixed-use building with eight residences and four commercial strata lots. Many of the residents in the building are families with children.

Given the neighbourhood and resident profiles, the Strata Council views the proposed Marijuana Dispensary as an inappropriate change of use. In addition, the Beachcomber is located at the corner of Yew and Cornwall Street. A busy intersection for pedestrian traffic (families and children) to cross walk to Kitsilano Beach.

The Beachcomber also has a commercial tenant – the Blue Martini Restaurant/Bar. We recommend you check the police department's records. Over twenty complaints (911 calls) have been filed for noise and nuisance. The Beachcomber residents are extremely concerned the Marijuana Dispensary will attract customers and activities detrimental to the neighbourhood. Ironically the proposed marijuana dispensary would be located adjacent to the Blue Martini and an ice cream shop.

**AS SUCH, THE STRATA COUNCIL STRONGLY OPPOSES THE PROPOSED CHANGE OF USE AT 1518 YEW STREET TO A MARIJUANA DISPENSARY.**

If you have any questions and or require additional information, please do not hesitate to contact the undersigned.

Yours truly

Please accept this email as my response to the proposed rezoning of the address above from restaurant to medical marijuana-related use.

While I am not apposed to the use of marijuana in assisting and relieving a number of medical issues and associated pains, I am actually in support of it - if it done within the confines of the medical system, I do not support the location of the proposal.

The area of this application is one of mainly restaurants, a couple of pubs and coffee shops and a corner store, all closely located in a highly residential area, along with a very social and busy beach and park utilized by young families with children of all ages as well as a large number of young adults. I do not think that a medical marijuana store located directly in front of Kits Beach would be an asset to the local community and especially not if it is open until 10pm at night.

I am in support of this type of business being in a more retail store location such as 4th Street or West Broadway with the hours from 10am to 8pm.

If you require clarification or additional comments, please feel free to contact me.

Sincerely,

Hello Payam Fouladianpour

I find it difficult to process the thought that this restaurant is destined to become Marijuana-use shop.

It is located next to a very popular Ice Cream store that operates all spring, summer and fall. There are numerous children frequenting this store. It is also only less than 1/2 block from the very popular Kits Beach and 1 block from Kits Pool. It is only 2 blocks from an elementary school.

The health and well being of young people should be paramount in this case. I think the City should give this some more thought and find a spot that is not such a gathering place for children to hang out.

Yours truly

Re: Notice of Development Application

1518 Yew street DP-2017-01048

Dear Payam

I have received notice of a proposed change of use in the building that I own a place in, which is 2 levels residential and 1st level commercial. The proposed change is from restaurant to Medical Marijuana Dispensary.

I strongly oppose this change as I am concerned with the amount of people traffic and the already completely strained parking situation. There are already too many cars vying for space and when crowded, people park illegally in alley, blocking the way to our underground parking.. I personally think that this would increase due to the nature of the business, where people are in and out in a relatively short amount of time. This would affect other residences with entrances in the alley as well.

This address is already very congested with cars and people with kids, because of the beach location.

Also, it would devalue the neighborhood and my investment in the property. I have asked 3 real estate agents to confirm.

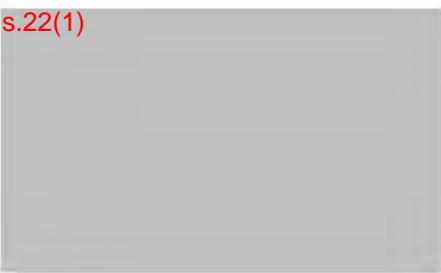

Also, our building has a mix of working and retired adults, as well as children. I do not think this is an appropriate change of use or environment for children and retired people, or any of the people that live in this building.

Also, I do not want my property investment to be negatively affected by this proposed change.

Thank you for your consideration

Dear Mr. Fouladianpour,

I am writing to you on behalf of the residents of 1518 <x-apple-data-detectors://2> Yew Street who live across from Kitsilano Beach, a tiny community with a large residential presence.

The 'Pot Shop' that is potentially opening underneath this building would be situated right next door to a gelato shop - owned by the same man who owns the sushi restaurant in the neighbourhood - both frequented by children, teenagers, families etc. In addition, with such close proximity to Kits Beach, Kits Pool and the children's playground, it seems irresponsible and potentially harmful to have weed smoke wafting around this family neighbourhood.

s.22(1), a resident I have known for s.22(1), has s.22(1)  
s.22(1)

the street. I fear that the combination of pot smoke would simply be too much and her health and well being would be severely negatively effected.

s.22(1) has many neighbours that fear for their children and the potential effects to their families health as well. The possibility of this shop opening has already forced one neighbour to cancel her grandsons visit due to the potential risk that he will be exposed to marijuana smoke if they so much as open their window.

I urge you to reconsider this weed shop's location and if there is anything else I can do or any other information I can provide please don't hesitate to let me know. Thank you.

Sincerely,

s.22(1)

P.S. I have been advised that Nathan's (the owner) development application clearly states that the operation will be for 'Medical Marijuana-Related use.' Nathan is also currently the owner of the 'wealth shop' at 4545 West 10th and his patrons are required to sign their 'wealth membership.' No doctor's prescription is needed, simply just identification. Therefore, 1518 <x-apple-data-detectors://3> Yew Street will be a 'pot shop' as is 4545 West 10th. There does not seem to be anything 'medical' about this proposed change of business.

To Whom It May Concern:

This is the letter that the store sent to their landlord after issues dealing with the dispensary that moved in next door.

As I have shared, I am not against medical use nor am I against access for medical use. These businesses belong in non-residential areas. The businesses are better suited to areas that are setup for business with good street lighting, parking, and security.

My concerns include the use of the shipping/receiving area, especially during rain, as a place to smoke marijuana and loiter. The use of that area which is difficult to patrol and enforce will increase the noise pollution, refuse, and smoke. It will make it difficult for residences along the alley to open windows, not to mention the potential drug paraphernalia which will make simple tasks such as taking out garbage and recycling more challenging. I am also concerned the security of the parking garage will be compromised as it is a covered and quiet area that will invite loitering. When I have to enter or leave at early/late hours, how am I to deal with a person standing outside the garage door when I engage the garage door opener? How am I to comfortably enter the garage late at night if there are persons loitering at the door? The person that wrote the attached letter has shared stories of cars being vandalized for simple acts as politely asking for people to move away from building entrances.

We already have patrons of the Blue Martini (same building) that loiter and smoke cigarettes outside the building front door and shipping doors. If windows are open, it invites the smoke indoors and creates an unpleasant atmosphere. After our children saw the sign, they expressed concern about the well-being of s.22(1) being here if the smell of pot is permeating the space.

I have heard of many people checking to see if these businesses actually require a prescription to sell to patrons. Many have entered the store and purchased without any paperwork or request for ID and prescription information. Being across from Kits Beach and in a high density residential zone, I am extremely concerned as to the negative impact this business will have not only to our building, but to neighboring residences as well as the beach.

I could continue to list out concerns. There are also many legal concerns given the current state of the legalization process. There is policy still being determined, and it would be prudent for us to have more information prior to supporting a business in our area and building. It is my understanding these businesses do not require a license to operate, and have no recourse after completing non-permitted renovations to the leased space.

Finally, it would be advisable for each of us to speak with businesses and residences that currently have dispensaries in their buildings. Let's hear their issues so we are well informed during this application process.

Cheers...

Good Morning Fellow Owners,

On behalf of the Strata Council, I have delivered a letter to the City of Vancouver's Planning Department strongly opposing the proposed Medical Marijuana Dispensary for 1518 Yew Street <<https://maps.google.com/?q=1518+Yew+Street&entry=gmail&source=g>> .

At this point, the proposed change of use is a City of Vancouver matter not yet a Strata issue. For those who are opposed to the change of use, I highly recommend each owner to voice their protest. Good Morning

I am writing in regard the Development application and change of use for the restaurant located at 1518 yew street Vancouver to a "medical marijuana " related use.

Please consider this is a small residential building,there is a fine dining restaurant on one sideline 1518 a gelato place on the other side where a lot of family with kids go all summer and a Restaurant pizzeria across the street.

There are a lot of marijuana dispensary in the area , 4th ave and Broadway ,I am definitely not sure if we need one in this specific premium location.

Me and other residents in the building and in the area are not really happy about it and a little bit concerned ,as well not sure how that could benefit the restaurant and the Gelato shop just beside it.

Please consider our concerns when you take a decision for this family and kids friendly area that is just across the street from the beach and the pool.

Thank you

Notice of Development Application <[https://maps.google.com/?](https://maps.google.com/?q=453+West+12th+Avenue+Vancouver,+BC,+V5Y+1V4&entry=gmail&source=g)

To Whom It May Concern:

This is the letter that the store sent to their landlord after issues dealing with the dispensary that moved in next door.

As I have shared, I am not against medical use nor am I against access for medical use. These businesses belong in non-residential areas. The businesses are better suited to areas that are setup for business with good street lighting, parking, and security.

My concerns include the use of the shipping/receiving area, especially during rain, as a place to smoke marijuana and loiter. The use of that area which is difficult to patrol and enforce will increase the noise pollution, refuse, and smoke. It will make it difficult for residences along the alley to open windows, not to mention the potential drug paraphernalia which will make simple tasks such as taking out garbage and recycling more challenging. I am also concerned the security of the parking garage will be compromised as it is a covered and quiet area that will invite loitering. When I have to enter or leave at early/late hours, how am I to deal with a person standing outside the garage door when I engage the garage door opener? How am I to comfortably enter the garage late at night if there are persons loitering at the door? The person that wrote the attached letter has shared stories of cars being vandalized for simple acts as politely asking for people to move away from building entrances.

We already have patrons of the Blue Martini (same building) that loiter and smoke cigarettes outside the building front door and shipping doors. If windows are open, it invites the smoke indoors and creates an unpleasant atmosphere. After our children saw the sign, they expressed concern about the well-being of s.22(1) being here if the smell of pot is permeating the space.

I have heard of many people checking to see if these businesses actually require a prescription to sell to patrons. Many have entered the store and purchased without any paperwork or request for ID and prescription information. Being across from Kits Beach and in a high density residential zone, I am extremely concerned as to the negative impact this business will have not only to our building, but to neighboring residences as well as the beach.

I could continue to list out concerns. There are also many legal concerns given the current state of the legalization process. There is policy still being determined, and it would be prudent for us to have more information prior to supporting a business in our area and building. It is my understanding these businesses do not require a license to operate, and have no recourse after completing non-permitted renovations to the leased space.

Finally, it would be advisable for each of us to speak with businesses and residences that currently have dispensaries in their buildings. Let's hear their issues so we are well informed during this application process.

Cheers...

Good Morning Fellow Owners,

On behalf of the Strata Council, I have delivered a letter to the City of Vancouver's Planning Department strongly opposing the proposed Medical Marijuana Dispensary for 1518 Yew Street <<https://maps.google.com/?q=1518+Yew+Street&entry=gmail&source=g>> .

At this point, the proposed change of use is a City of Vancouver matter not yet a Strata issue. For those who are opposed to the change of use, I highly recommend each owner to voice their protest. A letter can be addressed to the following and emailed to

Re: Lotus Land Cannabis Club tenancy

CC: photo's enclosed

Landlord –

As per your request the following are the items of issue for your tenants at “Lotus Land Cannabis Club”.

- No business license to operate or business permits for work done on the building
  - During their renovations, we have had to incur several thousands of dollars in merchandise loss and pest control services hired due to a sudden mouse infestation. As per the professional exterminator team, it was caused by the renovations being done in their space. Our main store sign was damaged by one of their workers when they painted the building and never repaired.
- Garbage everywhere from their clients!! The street front and parking lot looks extremely unsightly. The parking lot, in their designated spaces is especially dirty. We witness their customers leaving their refuse behind. Full of debris, pot paraphernalia, alcohol cans and bottles, cigarette and food wrappers etc. everywhere. The owners (of Lotus Land) make ZERO effort to clean anything up. If we start to clean it up for them, they will never take responsibility for their spaces. Every other tenant maintains their spaces, why can't they? We would clean it up, but, we do not want to clean up drug infested garbage! It leaves a terrible impression to our customers and our neighbourhood. We try to maintain what we can, but there is a limit.

- Parking is a HUGE issue... their customers NOT parking in their designated spots. Displacing our customers. Illegally parking and blocking the driveway. When we speak up we are met with physical or verbal threats. We have received financial penalties from our delivery companies that cannot access the driveway for our merchandise deliveries.
  - The parking lot is now known to the neighbourhood as a “HOT” spot for partying any time of the day, but, especially at night as they are open to 10 pm.
- We have incurred a steady “loss” of business over the last several months. We have had a successful business over the last 17 years. The only thing that adds up to the “loss” of revenue is the “pot” business below us. We have Had MANY clients tell us this. They mention that they do not like to come to our store anymore because of the new, seedy environment created by Lotus Land customers. We do not see them anymore. They shop somewhere else. Due to the nature of Lotus Land’s business, it attracts an unsavoury customer base.
- The “abuse” received from the clients of “Lotus Land” have been extreme. From physical threats and verbal assaults to urinating on staff/clients cars and on the walls. One of their customers drove his truck at one of my staff members! Two of their customers were caught taunting one our customer’s dogs while it was in the car, while our customer was shopping in our store. Most of my staff have experienced some form of verbal threat and abuse directed at their person and physically towards their vehicles.
- Their customers verbally abusing our distributors when in the parking lot, visiting our store to conduct business.

We have had many complaints from people who live in the condos around the building – regarding the garbage, partying, verbal and physical assaults. They think that this is our responsibility, and want us to do something about it. We try to explain to them that THEY need to call the proper authorities. They just think that it is our problem to deal with.

- Many, many clients of “Lotus Land” smoking up in the parking lot, DAILY, during business hours. Driving away impaired! Several times a week our store smells of marijuana. Some, smoke up right on our doorstep! Several times this has happened. Both downstairs and upstairs doors. We are met with verbal abuse when we ask them to leave. We have absorbed the expense and installed security cameras and signage regarding. Placed around our door and around the parking lot.
- We had an incident of bloodied crack/heroin paraphernalia left at our parking lot front door step. This was reported to RCMP and an officer came to file a report.

All in all this has been far LESS THAN A POSITIVE experience to say the least. Literally, every day, for the past year there is something to contend with, to some degree or another and it is unacceptable. Their business should not affect our business, but unfortunately it has, and still continues to do so.

The other businesses in the building do not have the same customer needs for the parking lot as our store does. We are a busy little store that draws on average of 60 customers per day, as well as several

delivery trucks, several times a week. That is 60+ trips up and down the ramp, to and from the parking lot that our customers and our store rely on, on a daily basis to succeed. Any disruption to that creates problems. There was never any issues for the past 10 years. That parking lot is one of the better things we can offer our customers. It is of great value. It is now unfortunately become a blemish.

Thank you

Dear Mr. Foulandianpour

I would like to voice my opposition to the proposed marijuana dispensary at 1518 Yew St. and here's why:

Being an owner of a property in Strata 763 I am used to living in a lively, restaurant filled neighborhood, so I don't mind living above restaurants we all enjoy. I do enjoy the occasional alcoholic beverage from time to time, but that doesn't mean I would want to live above a liquor store (there's already a few in the city). It would make no sense what so ever to put a liquor store in such a family friendly area. People would wonder, and rightly so, why the city would allow such a thing.

Along the same lines I know people who enjoy marijuana and who live in the neighborhood, but that doesn't mean they want to see a marijuana dispensary on their way to Kits Beach (there's already a few in the city you see).

I just googled marijuana dispensary and counted 20 in Vancouver alone. Why would anyone think we need another, especially one in Kits Beach?

If the city should approve the application, they better have a very good answer ready. And FYI, this part of Yew Street is considered an entertainment district, and other than Kits Market, no retail store has ever done well here.

Personally, I'd like to see a ramen shop open up here but that's just me. I'm not sure what kind of establishments my neighbors would like to open up below us, but I think its safe to say no one wants a marijuana dispensary.

I sincerely hope you take that into consideration.

With Kind Regards,

Dear Payam

I have received notice of a proposed change of use in the building that I own a place in, which is 2 levels residential and 1st level commercial. The proposed change is from restaurant to Medical Marijuana Dispensary.

I strongly oppose this change as I am concerned with the amount of people traffic and the already completely strained parking situation. There are already too many cars vying for space and when crowded, people park illegally in alley, blocking the way to our underground parking.. I personally think that this would increase due to the nature of the business, where people are in and out in a relatively short amount of time. This would affect other residences with entrances in the alley as well.

This address is already very congested with cars and people with kids, because of the beach location.

Also, it would devalue the neighborhood and my investment in the property. I have asked 3 real estate agents to confirm.

Also, our building has a mix of working and retired adults, as well as children. I do not think this is an appropriate change of use or environment for children and retired people, or any of the people that live in this building.

Also, I do not want my property investment to be negatively affected by this proposed change.

Thank you for your consideration

What have you people been smoking to even consider this Development Application? Let me put this more diplomatically as a pilot project first put this marijuana dispensary in mayor moonbeam's neighbourhood for a 6 month trial and if after that time he doesn't complain then I won't either. Until then, this marijuana dispensary more correctly belongs in a commercial area like either 4th Avenue or on Broadway.

Hello Payam

I am emailing to express my opposition to the City of Vancouver Development Application for 1518 Yew St. DP-2017-01048 for a Medical Marijuana Dispensary.

Permitting a Medical Marijuana Dispensary to open in this location, below the residential premises invites a great deal of discomfort for those living in this building. Of primary concern is the possibility of marijuana smoke invading these premises, should patrons of this dispensary choose to smoke and loiter outside of this business. This would manifestly affect the residents well-being health-wise as well as their right to the enjoyment of their home. It could also potentially negatively impact the value of their properties.

Please consider the rights of these tax paying citizens and property owners by rejecting this application for a Medical Marijuana Dispensary at 1518 Vancouver.

Thank you for your consideration.

Subject: Development permit Cornwall and yew

I am writing to petition the proposed development of a pot dispensary on yew and Cornwall street

This is already an overly busy street and very noisy all year long.

There are residents above the proposed sight with young children who's life will be altered if this goes ahead.

I am not for drug shops of any kind and can only imagine the type of clientele that will be visiting the neighbourhood .

I strongly advise you not to go ahead with this development.

Sincerely

Attention: Payam Fouladianpour Notice of Development Application 1518 Yew Street DP-2017-01048

To Whom It May Concern:

I strongly oppose this marijuana dispensary going into operation in what is by and large a high density residential neighbourhood!

What have you people been smoking to even consider this Development Application? Let me put this

more diplomatically as a pilot project first put this marijuana dispensary in mayor moonbeam's neighbourhood

for a 6 month trial and if after that time he doesn't complain then I won't either. Until then, this marijuana dispensary

more correctly belongs in a commercial area like either 4th Avenue or on Broadway.

Sincerely

Subject: Marijuana dispensary licence application 1518 Yew St DP-2017-01048

Hello Payam,

Thank you for taking a moment out of your busy day to read my note.

I am a renter in a building at the corner of Yew and Cornwall across the street from Kits Beach. The City of Vancouver recently received an application to replace a small sushi restaurant in our building with a marijuana dispensary.

My comment is NOT a statement against the medical use or legalization of marijuana. My action is to bring a comprehensive and rational discussion to the implementation of the new law and abiding policies.

This is where I ask you to slow down before granting licences to operate marijuana dispensaries in residential neighborhoods before the creation of adequate and enforceable policy.

Is it reasonable, that shops are allowed to operate illegally at the present time?

Is it reasonable, to licence a dispensary in a small building where the patrons will light up in the areas outside the building inundating the residents with second hand smoke? This is already an issue with cigarette smokers. Yes, bylaws don't allow it, but the police are far too busy to enforce it. The same will happen with the more pungent smell of pot. Some of us like it, others find it invasive.

There is a elementary school 3 blocks away and a children's playground virtually across the street. Not to mention, Kits beach and the pool is also across the street, where my s.22(1) already consistently tosses aside cigarette butts as he digs in the sand. Now he'll be filling the back of his dump truck with what's left from the massively increased use of pot on the beach.

There is so much to work out before the city accepts this application for a marijuana dispensary. And this application is a microcosm that magnifies many of the issues as the various governments solidify their policies.

Please be prudent and reject the marijuana dispensary licence application 1518 Yew St DP-2017-01048.

Let's ensure acceptable and enforceable policy before granting a licence this close to a key recreational area in our city...Kits Beach. Thank you!

Cheers,

Subject: Notice of Development Application 1518 Yew Street DP-2017-01048 - Medical Marijuana Outlet

Dear Payam Fouladianpour:

I recently learned that a permit application has been submitted for a Medical Marijuana retail shop for location at the corner of Yew and Cornwall, across from Kitsilano Beach.

I was compelled to write to you and urge you to carefully consider the negative consequences of this particular location, for this particular type of establishment.

As you know, this area is a blend of some retail and residential use- with associated amenities such as a nearby elementary school, Kitsilano Swimming pool, basketball courts- and retail such as coffee shops, restaurants, ice cream shop etc. I am deeply concerned that the impact on this neighbourhood will be one of unintended consequences.

As a mix of residential and retail, it requires a special and more delicate balancing of considerations and mindfulness, in order to preserve and support healthy neighbourhoods and communities.

The neighbourhood, with the help of Park Board and City Planning have over the decades carefully designed spaces for people while also considering fully the beautiful and natural assets to work with - and with that thoughtful and excellent planning, the spaces encourage citizens to exercise (a great aid to mental health issues such as anxiety and depression) and connect with others, in a health promoting manner.

Given its proximity to beautiful and well loved recreational area in Vancouver, I believe there will be an even greater tendency (especially people who are purchasing marijuana for recreational purposes, under the guise of medical needs-a separate regulatory issue, but an exacerbating issue for this particular location), for customers to then congregate in the immediate area and then to the beach/park space – affecting the air quality and sense of family inclusiveness and healthy lifestyles, that we like to promote in our great city. We already know that enforcement of other beach activities such as cigarette smoking (so we are already receiving 2nd hand smoke in this way and enforcement is overwhelmed), alcohol consumption have been difficult and overwhelming for the Park Rangers and police to manage in order to preserve the quality of public health and safety.

Already meagerly funded (compared with the array of needs and demands in the communities), I am wondering if the City of Vancouver is willing to add thousands and thousands of dollars to the Vancouver Park Board budget to address “any smoking” and air quality for their citizenry, via massively increasing park ranger and police?

The Kitsilano area is a well-loved tourist area and also a citizen high volume (summertime in particular) area. A destination location and community area. Take for instance the ice cream shop situated next door to the applicant store front. I have witnessed tourists and residents of diverse ages and backgrounds, mutually enjoying the ambiance and summer fun of a cone on a hot day. Babies in strollers with their moms or dads, seniors, tourists sitting down for a mid day ice-cream relaxation and joggers-lol!

Additionally, I am sure that the significant tourist dollars brought to our City is a highly valued and practical consideration, let alone the quality of health. Will this outlet support more eager tourists – hungry to soak in the beauty of Vancouver, and invest their hard earned dollars into the local economy?

I believe that there is already a plethora of outlets specific to medical marijuana dispensaries. While scarcity or saturation would likely not be a consideration in a particular acceptance/rejection of any given application, I do raise the point that customers who legitimately require marijuana for pain management or other ailments, would not be deprived of reasonable access, even if this particular location permit was declined. They have plenty of options out there.

Additionally the burgeoning growth of this industry has created a situation where the regulatory organization, policy clarity, enforcement resources and legal bright lines for civil servants are in a state of severe catch up mode. Add this, to the mixed residential and heavy family and tourist use of this Kitsilano area, and it would be a recipe for many problems.

I implore you to at the very least re-direct your applicant to a clear retail only area (such as Broadway or 4th Avenue) or decline the application.

I trust you have been considering many factors in your decision, and hope that my input as a concerned citizen, is helpful in emphasizing the negative impact this particular location would have on the overall health and well being of this well-loved favorite Vancouver location.

Thank you very much.

Sincerely,

RE: Development Application DP-2017-01048 (1518 Yew Street)

Dear Payam Fouladianpour;

1. The proposed pot shop is sandwiched between a Jazz Bar and an Ice Cream shop which is frequented by families with young children.
2. The proposed pot shop is across the street from the Mural at 1525 Yew Street. (pic 01)
3. The proposed pot shop is clearly within 300 meters (1000 feet) of Kitsilano Beach Park (pic 02) in violation with at least the spirit and intent of Section 11.28.2(b)
4. The proposed pot shop is directly across the street from an automated banking machine (pic03) which is adjacent to the Local bar and grill, in violation with at least the spirit and intent of Section 11.28.2(g)
5. The proposed pot shop site is adjacent to a street which has no painted center line (pic o4) in direct violation of 11.28.2 (e)

It is for all these reasons that Application DP-2017-01048 for the proposed pot shop does not have regard to the liveability of neighbouring residents and therefore the application must be denied by the Director of Planning.

Yours Sincerely,

s.22(1)

#### 4.1 Site Area

4.1.1 The minimum site area for a one-family dwelling or one-family dwelling with secondary suite is 334 m<sup>2</sup>, and the minimum site width for a one-family dwelling or one-family dwelling with secondary suite is 7.3 m.

4.1.2 Where the site is less than 9.8 m in width or less than 334 m<sup>2</sup> in area, the design of any new dwelling shall first require the approval of the Director of Planning or the Development Permit Board, as the case may be.

4.1.3 The minimum site area for a dwelling unit for a caretaker shall be 3 000 m<sup>2</sup>.

#### 4.2 Frontage -- Not Applicable.

#### 4.3 Height

4.3.1 A building shall not exceed 9.5 m in height and shall not have more than 2½ storeys nor exceed the maximum dimensions created by the combination of:

- (a) a primary envelope located in compliance with the side yard regulation and formed by planes vertically extended 4.9 m in height and then extending inward and upward at an angle of 30 degrees from the horizontal to the point where the planes intersect; and
  - (b) a secondary envelope located between the required side yards and equal to 60 percent of the site width (except as provided for by section 4.3.2) and formed by planes vertically extended 7.6 m in height and then extending inward and upward at an angle of 45 degrees from the horizontal to the point where the planes intersect.
- 4.3.2 The secondary envelope need not be less than 9.8 m in width except as limited by the required side yard.
- 4.3.3 Height shall be measured from a hypothetical surface determined by joining the existing grades at the intersections of the hypothetical lines defining the front and rear yards and the side property lines, except that if the Director of Planning is of the opinion that the hypothetical surface determined by joining the existing grades is not compatible with the existing grades of adjoining sites or general topography of the area, he may instead require that height be measured from base surface.
- 4.3.4 Notwithstanding the height limitation in section 4.3.1, the Director of Planning may permit a building to exceed a height of 9.5 m but not to exceed a height of 10.7 m provided that he considers:
  - (a) the impact of the increased height on views from surrounding development;
  - (b) the extent to which the increased height improves the roof lines of the building; and
  - (c) the effect of the increased height on adjacent properties and the character of the area.
- 4.3.5 Where the Director of Planning is prepared to approve an increase in floor space ratio pursuant to section 4.7.1(c), he may permit a building to exceed any of the maximum dimensions of section 4.3.1 provided that in no case shall the height be increased to more than 10.7 m.
- 4.3.6 Notwithstanding section 4.3.1 of this schedule, the Director of Planning may permit a height increase to accommodate building features designed to reduce energy consumption in a Certified Passive House to a maximum of 10.7 m, if the Director of Planning first considers the intent of this schedule and all applicable Council policies and guidelines.

#### **4.4 Front Yard**

- 4.4.1 A front yard with a minimum depth of 20 percent of the depth of the site shall be provided, except that:
  - (a) on a site where the average front yard depth of the two adjacent sites on each side of the site is more than the 20 percent depth by at least 1.5 m or is less than the 20 percent depth, the minimum depth of the front yard to be provided shall be that average, subject to the following:
    - (i) where an adjacent site is vacant, it shall be deemed to have a front yard depth of 20 percent of the depth of the site;
    - (ii) if one or more of the adjacent sites front on a street other than that of the development site or the adjacent sites are separated by a street or lane, then such adjacent sites shall not be used in computing the average;
    - (iii) where the site is adjacent to a flanking street or lane, the average depth shall be computed using the remainder of the adjacent sites;
  - (b) the Director of Planning may vary the front yard requirement on a double fronting site or a site where a building line has been established pursuant to section 14.1 of this By-law;

- (c) if the provisions of section 4.4.1(a) and section 4.6.1 of this Schedule result in a distance between the front yard and the rear yard which is less than 35 percent of the depth of the site, and provided that the principal building is sited so that it abuts the required rear yard, the depth of the required front yard can be reduced so that the distance between the front yard and the rear yard is equal to 35 percent of the depth of the site; and
- (d) Covered porches complying with the conditions of section 4.7.3(g) shall be permitted to project into the required front yard a maximum of 1.2 m provided that such a projection is limited to 30 percent of the width of the building.

- (a) where an abutting site is vacant, it shall be deemed to have a rear yard depth of 45 percent of its site depth;
- (b) where an adjacent site abuts the site by way of its rear property line or is separated by a street or lane, it shall not be used in computing the reduction in the depth of the rear yard to be provided;
- (c) where the site has an exterior side yard, the rear yard to be provided can be reduced to that of the abutting site; and
- (d) any portion of the principal building to be located within that part of the rear yard decreased as provided for in this section 4.6.1 must comply with the provisions of section 2.2.A(a) of this Schedule.

4.6.2 For the purposes of calculating the rear yard to be provided, where the rear property line does not abut a lane or abuts a lane that is only partially dedicated, the rear yard to be provided shall be calculated and measured from the ultimate rear property line.

4.6.3 Where a building line has been established pursuant to the provisions of section 14.2, such building line shall be deemed to be the southerly boundary of any required rear yard on lands described in "Plan A" of Part III of Schedule E to this By-law, notwithstanding any dimension contained herein.

- 4.6.4 For buildings existing prior to April 12, 1988 the depth of the required rear yard can be reduced by up to 3.1 m, provided that the resulting depth of the principal building does not exceed 35 percent of the depth of the site. The floor of a roof garden or sundeck located within that part of the rear yard decreased as provided for in this section shall not be any higher than the floor of the first storey of the principal building.

- (a) the lowered surface does not extend into the required front yard nor more than 3.1 m into the required rear yard including access to the lowered surface; and
  - (b) that portion of the building abutting the lowered surface:
    - (i) faces either the front street or the rear property line; and

## RT-11 and RT-11N Districts Schedules

### 1 Intent

The intent of this schedule is to allow a variety of housing options by encouraging development of multiple small houses and duplexes on larger lots and assembled sites, while continuing to permit lower intensity development on smaller sites. ## RM-7 and RM-7N Districts Schedules

### 1 Intent

The intent of this schedule is to encourage development of ground-oriented stacked townhouses or rowhouses, while continuing to permit lower intensity development. Siting and massing of new development are intended to be compatible with, but not the same as, pre-existing single family development. Secondary suites and lock-off units are permitted, within limits, to provide flexible housing choices. Retention of character buildings and high quality design and livability standards are encouraged for new development. The RM-7N District differs from the RM-7 District, because it requires noise mitigation for dwelling units fronting arterial streets.

Individual one-family dwellings and one-family dwellings with a secondary suite (with or without a laneway house) are permitted uses; however, if developed as the only principal building on a site, these uses are regulated by the RS-1 District Schedule. In all other cases, this schedule will apply.

## RM-8 and RM-8N Districts Schedule

### 1 Intent

The intent of this schedule is to encourage development of ground-oriented stacked townhouses or rowhouses, including courtyard rowhouses, while continuing to permit lower intensity development. Siting and massing of new development are intended to be compatible with, but not the same as, pre-existing single family development. Secondary suites and lock-off units are permitted, within limits, to provide flexible housing choices. Retention of character buildings and high quality design and liveability standards are encouraged for new development. The RM-8N District differs from the RM-8 District, because it requires noise mitigation for dwelling units in close proximity to arterial streets.

Individual one-family dwellings and one-family dwellings with a secondary suite (with or without a laneway house) are permitted uses; however, if developed as the only principal building on a site, these uses are regulated by the RS-1 District Schedule. In all other cases, this schedule will apply.

## RM-9, RM-9A, RM-9N and RM-9AN Districts Schedule

### 1 Intent

The intent of this Schedule is to permit medium density residential development. In the RM-9 and RM-9N Districts, this includes a variety of multiple dwelling types including low-rise apartments, ground-oriented stacked townhouses, and rowhouses, including courtyard and freehold rowhouses. In the RM-9A and RM-9AN Districts, dwelling uses are more limited: the emphasis is on 4-storey low-rise apartments, with stacked townhouses limited to exceptionally deep lots, which provide a transition between higher building forms and ground-oriented residential neighbourhoods.

In all Districts, emphasis is on a high standard of liveability and creation of a variety of dwelling unit sizes, including those appropriate for families with children. Secondary suites and lock-off units are permitted, within limits, to provide flexible housing choices. All new development will demonstrate high quality design and good neighbourhood fit.

The RM-9N and RM-9AN Districts differ from the RM-9 and RM-9A Districts in that they require evidence of noise mitigation for residential development in close proximity to arterial streets.

## FC-1 District Schedule (East False Creek)

### 1 Intent

The intent of this Schedule is to permit and encourage the development of a high-density mixed commercial use neighbourhood, including some residential and compatible industrial uses. For commercial development, a variety of small-scale retail and service uses are encouraged. Larger, more regional-oriented office and retail commercial uses are limited in size and extent for individual sites.

The retention and upgrading of existing multi-unit residential buildings and the development of new residential units on upper floors of commercial buildings are encouraged. Similarly, the development of new hotels is encouraged, provided that these do not result in the conversion of existing residential units. New residential and hotel development in the short-term will occur mostly to the west of Main Street, oriented to False Creek and the waterfront park system. Special design measures, however, will be necessary to mitigate the air and noise pollution problems, particularly adjacent to some existing industries and major traffic streets.

Because of the extended time required for the transition from an industrial to a mixed-use neighbourhood, certain uses (e.g. residential) may not be feasible on certain sites until a later phase of the area's development. Initially, the most intensive development is likely to be focussed on sites nearby the Main Street ALRT station to take advantage of excellent transit accessibility, good views and park outlook amenities. Higher building forms will be concentrated adjacent to the Main and Terminal location, with a transition to medium-scaled buildings around Thornton Park and adjacent to existing development on the northerly part of Main Street.

- (ii) the site has no lane access, and
  - (iii) the exclusion does not exceed 80.77 m<sup>2</sup>;

- (b) “permeable area” means gravel, river rock less than 5 cm in size, wood chips, bark mulch, wood decking with spaced boards and other materials that, in the opinion of the Director of Planning, have fully permeable characteristics when placed or installed on grade with no associated layer of impermeable material, such as plastic sheeting, that would impede the movement of water directly to the soil below.

4.8.3 The Director of Planning must not issue a permit referred to in section 4.8.1, unless the property owner has first entered into a storm water storage agreement, to the satisfaction of the Director of Legal Services and the City Engineer, to:

- (a) construct a storm water storage system on the site that is designed and certified by a professional engineer to meet the following criteria:

## Index

### Introductory Note

In this index, the term “all residential district schedules” means all RA, RS, RT and RM schedules, **including** the FM-1 schedule. The term “all commercial district schedules” means all C schedules, **including** the FC-1 schedule. The term “all district schedules” means all district schedules **except** the comprehensive development (CD) district schedules (CD-1, FCCDD, DD, CWD, DEOD, HCA, and BCPED).

This index is compiled on the basis of section numbers rather than page numbers. When the index gives a section symbol (#) and number (e.g., “#2” or “#3.2.2”), the entry refers to the main body of the By-law located after the tabbed divider page marked “Sections”. When the index gives both district schedule and section numbers (e.g., “RT-1: 3.2.A, DD: 3” or “M-1, M-2: 5”), the reference is to the indicated section of the specified district schedules located after the relevant coloured tabbed divider page. References to the Appendices, however, are given in terms of page numbers (e.g., “App. E: p. 6”).

Many index references refer to a single section in several district schedules. In such cases, the section number is given only once (e.g., “C-1, C-2, C-3A, M-1, M-2: 3.2.D”).

Wherever references become too numerous to list separately, the conventional notation **passim**, meaning “spread throughout,” is used. The entry under “Development Permits, applications for”, for example, reads “#4 **passim**”. This means that references to development permit applications are scattered all throughout Section 4 of the By-law.

Subject: Development Application DP-2017-01048 (1518 Yew Street)

Dear Mr. Fouladianpour,

I am writing to you on behalf of the residents of 1518 <x-apple-data-detectors://2> Yew Street who live across from Kitsilano Beach, a tiny community with a large residential presence.

The 'Pot Shop' that is potentially opening underneath this building would be situated right next door to a gelato shop - owned by the same man who owns the sushi restaurant in the neighbourhood - both frequented by children, teenagers, families etc. In addition, with such close proximity to Kits Beach, Kits Pool and the children's playground, it seems irresponsible and potentially harmful to have weed smoke wafting around this family neighbourhood.

, a resident I have known for , has

the street. I fear that the combination of pot smoke would simply be too much and her health and well being would be severely negatively effected.

has many neighbours that fear for their children and the potential effects to their families health as well. The possibility of this shop opening has already forced one neighbour to cancel her grandsons visit due to the potential risk that he will be exposed to marijuana smoke if they so much as open their window.

I urge you to reconsider this weed shop's location and if there is anything else I can do or any other information I can provide please don't hesitate to let me know. Thank you.

Sincerely,

P.S. I have been advised that Nathan's (the owner) development application clearly states that the operation will be for 'Medical Marijuana-Related use.' Nathan is also currently the owner of the 'wealth shop' at 4545 West 10th and his patrons are required to sign their 'wealth membership.' No doctor's prescription is needed, simply just identification. Therefore, 1518 <x-apple-data-detectors://3> Yew Street will be a 'pot shop' as is 4545 West 10th. There does not seem to be anything 'medical' about this proposed change of business.

Subject: FW: Development Application DP-2017-01048 (1518 Street)

Dear Mr. Fouladianpour,

I am writing to express my concern about the potential opening of a marijuana shop at Yew and Cornwall in Kitsilano, a residential community, right by the beach. This is an area with a lot of foot traffic with many families of all ages walking around the neighbourhood, enjoying the sites, the shops, restaurants, and the beach. I frequent this area often myself, bringing family and friends, and it is a safe, well maintained oasis, where locals and visitors flock to enjoy getting outdoors and spending time in the community.

I am very concerned to hear that could change drastically if indeed a pot shop is allowed to open right next to the gelato shop, where many young children, teenagers, and families spend a lot of time. I don't understand how the city would allow this to happen and I feel strongly that it is a dangerous idea that will have serious consequences for this lovely little family enclave. The idea of having pot smoke wafting all about will stop myself, and I am sure many other families from going back there. This is also so close to the beach and Kits pool that is full of families and young people I am also concerned about the potential crime with patrons loitering around the pot shop.

It seems irresponsible and I feel strongly that it needs to be stopped from happening! What can we, as concerned citizens, do to prevent this from happening? Who else can we address our concerns to? Are there going to be meetings to inform the public about this? What are the dates? We owe it to this community we all love and cherish to help protect it from potential crime and loitering, and the unhealthy environment it will bring with it

Thank you for reading my email and I look forward to a response as soon as possible.

Regards,

Subject: 1518 Yew Street

Payam,

My name is \_\_\_\_\_ and I have been a resident of Kitsilano for the past \_\_\_\_\_ years. I currently reside at \_\_\_\_\_ which means I share the alley with the back of 1518 Yew st. Walking home from work I read there is a possibility for a marijuana store to be placed where we currently have a family friendly sushi restaurant, and I am emailing to express my concerns. Thank you for taking the time to read them.

Kitsilano is a family friendly neighborhood, with an influx of tourists approximately 3-4 months of the year. No matter the season the most common activities seen are runs/walks by the seawall, families taking their children to the park at the beach, coffee at the neighborhood shops etc. We are small community in a large city, that thrive on exercise, healthy eating and environmentally friendly activities.

As a \_\_\_\_\_ it concerns me that we may have the potential for a medical marijuana facility to be placed on Yew street, in the heart of our tourist destination and family/local community spot. Marijuana scent does not stay in one place, it occupies the air for a good amount of time and travels. Having a registered massage therapist whose office is above a marijuana facility, I am aware of the potency of it, as I have to smell it every time I go there, even if it is not being smoked. Placing this there does not give people an option of whether they wish to smell it or not, rather it forces them too. Some of us do not believe in it, have seen the detrimental effects it has on people who struggle with addictions and therefore, you take away our capacity to avoid this toxin, and make it a mandatory part of our day.

Furthermore, I live with the alley behind me, and throughout the year it is not uncommon for intoxicated individuals to walk from the Local/Nook/Kitchen table, through the alley and sit down to finish their cigarettes or drink more alcohol. Many, many times a year I have to wake up in the middle of the night or remind people in the day, that when they smoke in the alley the fumes come up to our apartments and fill our living rooms and bedrooms – even if the windows are closed. I am in no way complaining, I am choosing to live here. However, placing a smoke shop on this alley simply means that we will have an influx of smoke smells within our homes, all year round. It will not matter if you tell people not to smoke, many will leave the facility, and smoke it in the alley, because it is convenient, secluded and offers privacy. However, this is misleading, because there are at least 100 people residing facing this alley, so what strangers feel is secluded and a perfect place to smoke, is actually invasive of all the people who have windows open/choose to sit on their balconies to enjoy the fresh air/old windows that let smells in. Would you want to have your home smell like marijuana most days and nights, without choice?

Recently I called the nonemergency line because there is so much marijuana being used in public places, I wondered if there were any regulations. The officer that I spoke with clearly told me that they are being told not to act on it, as soon it will be legal. The reason why I say this is because if people leave the shop and smoke it in the alley, we will not have support to encourage people to keep on walking, or go some place else, we will have to suffer the consequences. Even though we

are the one that pay THOUSANDS to rent these apartment buildings.

Then there at the Vancouver beaches and parks have signs that say that it is illegal to smoke on the beach. However, if you place a smoke shop across the street from the beach, it will be strange if that is not also accessed as a good place to smoke. As a volunteer for \_\_\_\_\_, this fall when we did the Kitsilano Beach clean-up, there were over 10,000 cigarette butts found. This number needs to decrease and by placing a smoke shop, it will most definitely not do so. Inclusive of cigarette butts, when people idle, garbage accumulates. So when people are in my alley smoking cigarettes or drinking, or sitting at the beach smoking, often their level of intoxication removes their capacity to keep our beautiful city clean. Yes, I understand some people use marijuana medicinally and function at full capacity, however, it is also common practice for people to get medical marijuana for recreational purposes and therefore this is not uncommon behaviour.

Then there are children in the area. In my apartment building next door there is a childcare facility. Daily, children are walked in a stroller down that alley, as she takes them for walks, to the beach and to the park, there is a family friend ice cream store next to 1518 Yew St., as well, Henry Hudson Elementary school ( \_\_\_\_\_ ) is a couple of blocks away, and I am fully aware those kids all live in our neighborhood. Why are we even considering a facility that sells toxic substances and encourages individuals to smoke it, in a place of the city that is filled with children and family focused activities?

We live in the most beautiful place, and most times of the year it is locals and families that occupy the streets. However, the influx of tourists brings people that do not appreciate our neighborhood like we do and when they come - we watch as there are more individuals with uninhibited behaviours, leaving garbage and vandalizing. These behaviours may be encouraged with a business of this nature.

Please consider these factors when making a decision about this business. I would happily testify, write more letters or advocate for this to not take place – if there was anything else I could do. I apologize that it took me so long to see the sign and hope you will take my comments into consideration.

Kitsilano is our home and it's wonderful. As someone who shares an alley, and walks/runs past 1518 Yes street roughly 6 times a day, I urge to consider not accepting this business proposal.

Thank you for listening,

Thank you. One more addition, please keep in mind the timing of when this proposal was given. It is the busiest time of year, gets dark early and is often raining. People are not paying attention or easily aware of extra things going on. If at a minimum this decision was postponed, it would be fair for the tenants who will be most affected in the neighborhood to become aware of it. I am 5'11 and have great eye site and the sign that states what business will be going in, is high up. I can barely read it, and I had someone point it out to me - the type of business going in - or I would have completely missed it. As well, I can see the facility back from my apartment balcony, and I did not receive a postcard telling about what was going in there. Please consider this, as it will greatly affect us.

Thank you,

Subject: 1518 Yew Street

Payam,

My name is s.22(1) and I have been a resident of Kitsilano for the past s.22(1) years. I currently reside at s.22(1) which means I share the alley with the back of 1518 Yew st. Walking home from work I read there is a possibility for a marijuana store to be placed where we currently have a family friendly sushi restaurant, and I am emailing to express my concerns. Thank you for taking the time to read them.

Kitsilano is a family friendly neighborhood, with an influx of tourists approximately 3-4 months of the year. No matter the season the most common activities seen are runs/walks by the seawall, families taking their children to the park at the beach, coffee at the neighborhood shops etc. We are small community in a large city, that thrive on exercise, healthy eating and environmentally friendly activities.

As a s.22(1) it concerns me that we may have the potential for a medical marijuana facility to be placed on Yew street, in the heart of our tourist destination and family/local community spot. Marijuana scent does not stay in one place, it occupies the air for a good amount of time and travels. Having a registered massage therapist whose office is above a marijuana facility, I am aware of the potency of it, as I have to smell it every time I go there, even if it is not being smoked. Placing this there does not give people an option of whether they wish to smell it or not, rather it forces them too. Some of us do not believe in it, have seen the detrimental effects it has on people who struggle with addictions and therefore, you take away our capacity to avoid this toxin, and make it a mandatory part of our day.

Furthermore, I live with the alley behind me, and throughout the year it is not uncommon for intoxicated individuals to walk from the Local/Nook/Kitchen table, through the alley and sit down to finish their cigarettes or drink more alcohol. Many, many times a year I have to wake up in the middle of the night or remind people in the day, that when they smoke in the alley the fumes come up to our apartments and fill our living rooms and bedrooms – even if the windows are closed. I am in no way complaining, I am choosing to live here. However, placing a smoke shop on this alley simply means that we will have an influx of smoke smells within our homes, all year round. It will not matter if you tell people not to smoke, many will leave the facility, and smoke it in the alley, because it is convenient, secluded and offers privacy. However, this is misleading, because there are at least 100 people residing facing this alley, so what strangers feel is secluded and a perfect place to smoke, is actually invasive of all the people who have windows open/choose to sit on their balconies to enjoy the fresh air/old windows that let smells in. Would you want to have your home smell like marijuana most days and nights, without choice?

Recently I called the nonemergency line because there is so much marijuana being used in public places, I wondered if there were any regulations. The officer that I spoke with clearly told me that they are being told not to act on it, as soon it will be legal. The reason why I say this is because if people leave the shop and smoke it in the alley, we will not have support to encourage people to keep on walking, or go some place else, we will have to suffer the consequences. Even though we

are the one that pay THOUSANDS to rent these apartment buildings.

Then there at the Vancouver beaches and parks have signs that say that it is illegal to smoke on the beach. However, if you place a smoke shop across the street from the beach, it will be strange if that is not also accessed as a good place to smoke. As a volunteer for s.22(1), this fall when we did the Kitsilano Beach clean-up, there were over 10,000 cigarette butts found. This number needs to decrease and by placing a smoke shop, it will most definitely not do so. Inclusive of cigarette butts, when people idle, garbage accumulates. So when people are in my alley smoking cigarettes or drinking, or sitting at the beach smoking, often their level of intoxication removes their capacity to keep our beautiful city clean. Yes, I understand some people use marijuana medicinally and function at full capacity, however, it is also common practice for people to get medical marijuana for recreational purposes and therefore this is not uncommon behaviour.

Then there are children in the area. In my apartment building next door there is a childcare facility. Daily, children are walked in a stroller down that alley, as she takes them for walks, to the beach and to the park, there is a family friend ice cream store next to 1518 Yew St., as well, Henry Hudson Elementary school (s.22(1)) is a couple of blocks away, and I am fully aware those kids all live in our neighborhood. Why are we even considering a facility that sells toxic substances and encourages individuals to smoke it, in a place of the city that is filled with children and family focused activities?

We live in the most beautiful place, and most times of the year it is locals and families that occupy the streets. However, the influx of tourists brings people that do not appreciate our neighborhood like we do and when they come - we watch as there are more individuals with uninhibited behaviours, leaving garbage and vandalizing. These behaviours may be encouraged with a business of this nature.

Please consider these factors when making a decision about this business. I would happily testify, write more letters or advocate for this to not take place – if there was anything else I could do. I apologize that it took me so long to see the sign and hope you will take my comments into consideration.

Kitsilano is our home and it's wonderful. As someone who shares an alley, and walks/runs past 1518 Yes street roughly 6 times a day, I urge to consider not accepting this business proposal.

Thank you for listening,

Subject: 1518 yew street rezoning for 'medical' marijuana business

To whom it may concern,

I understand there is a zoning application in process for a medical marijuana business at 1518 yew street. A few points

-As a long time resident, s.22(1), of s.22(1) I am opposed to the application. s.22(1) live in an apartment looking onto the alley behind 1518 yew street. It is bad enough that we have to listen to all the random people late at night, I do not want to have to constant smell of marijuana lingering around for my s.22(1) to constantly smell or this increase of traffic from people purchasing the product.

-I know the BCL will not open a liquor store or a private liquor operation this close to a beach. Is there any regulations, now marijuana is going to be legal, the prohibit stores opening close to public beaches and school (three blocks away.)

-There seems to be enough of these operations on fourth ave as it is.

-Also don't sugar coat the title 'Medical' Marijuana. That title is synonymous with 'pot shop' it just sounds safer because its medical..

Thank you. One more addition, please keep in mind the timing of when this proposal was given. It is the busiest time of year, gets dark early and is often raining. People are not paying attention or easily aware of extra things going on. If at a minimum this decision was postponed, it would be fair for the tenants who will be most affected in the neighborhood to become aware of it. I am 5'11 and have great eye site and the sign that states what business will be going in, is high up. I can barely read it, and I had someone point it out to me - the type of business going in - or I would have completely missed it. As well, I can see the facility back from my apartment balcony, and I did not receive a postcard telling about what was going in there. Please consider this, as it will greatly affect us.

Thank you,

Subject: 1518 Yew St Strata decision - Wealthshop Dispensary location

Hi Payam,

Please see the below correspondence from the owner/landlord of 1518 Yew St, showing that strata has **approved** the use for a medical marijuana dispensary for our location (the resolution to prevent the dispensary will not be put forward due to the support and vote from the majority of owners).

You currently have the support letter from the landlord. You also have 50+ support letters from local residents and owners that want this to be approved.

Let's please discuss why the Planning Director sees fit to deny the application with such overwhelming support. Thanks and talk soon.

**Here is the email chain we had with the strata president, Randy. His last email to us indicates that the resolution to PREVENT the dispensary won't be put forward due to our vote in favour of it. Happy New Year Ben,

Thanks for getting back to me.

I respect your position. The Marijuana dispensary Bylaw amendment won't be put forward in the next Strata meeting. Despite Ben's support, your vote would defeat the resolution.

I will certainly make sure you're advised as to when the next meeting will be held. Are you supportive on the Vacation Rental proposed Bylaw amendment.

Hi Randy,

With regard to our unit, we will vote **in favour** of having the dispensary. In our opinion, this tenant will be stable, clean and well regulated by all authorities.

Please advise when the next strata meeting is so that we may vote by proxy.

All the best for 2018.

Hi Ben,

Thanks for getting back to me.

Attached is a copy of the Strata Meeting Notice and the two Bylaw resolutions that were being proposed for amendment to the Strata's Bylaws. Per my previous email we did not have enough owners represented for a voting quorum. We need the votes from the commercial units to approve the Bylaws. I am not sure of your views for the proposed marijuana shop in your unit. We need 3 of the 4 commercial units to vote in favour of the Bylaw amendments to pass. Simply put, your vote will decide. Bon voted in favour.

We will have to hold another meeting for this matter and will likely consider for the February annual general meeting. In the meantime it would be helpful if you could let me know your thoughts and how you would vote on the two proposed Bylaws.

Merry Xmas and wish you a happy and healthy New Year.

Best regards,

Hello Krish,

Please see the attached letter in relation to the above noted development permit application. This application is refused based on the reason(s) described in the letter.

Should you wish to appeal the Director of Planning's decision to the Board of Variance, please be aware of the following conditions that may apply to your Building Permit application:

*The following comments are based on the preliminary drawings prepared by Simplex Home Design dated September 2017 for the proposed development permit. This is a preliminary review in order to identify issues which do not comply with the 2014 Vancouver Building Bylaw.*

*An architect will be required for the BP on this project as per the architect's act.*

*A strata letter will be required at BP application.*

*A security consultant report will be requested at BP application.*

*The section provided shows slab on grade, our records show there is a parkade under this building. Update section to show what is below and above the suite prior to BP application.*

*Review building classification prior to BP application. If 3.2.2.62 is to be applied this building would be required to be of non-combustible construction.*

*Code analysis states one exit is being provided, two are shown. Clarify.*

*Site plan to show the entire main floor layout.*

*Clarify if the proposed retail suite is accessible at BP application. Drawings appear to show a small step. Front entry is required to be accessible.*

*Provide FRR of floor and wall assemblies.*

*Door plans are too narrow.*

*The applicant may wish to retain the services of a qualified Building Code Consultant in case of difficulty in comprehending the comments and their potential impact on the proposal. Failure to address these issues may jeopardize the ability to obtain a Building Permit or delay the issuance of a Building Permit.*

I will contact you when your submitted drawings are ready for pick-up from our concierge desk.

I absolutely oppose  
this license being

the following reasons

This is a totally residential area with many families with children of all ages, walking to the beach and having their ice cream on the way or coming home. The Ice cream parlour is right next door to the proposed marijuana store, not appropriate at all. I'm sure the moms, dads, grand parents would not like to see clients buying their marijuana.

We have a lot of restaurants here & their patrons smoke cigarettes on the street, in the alley & in the parking

lot attached to the building. It is all ready difficult ~~to~~ have our windows open because of the smoke, add marijuana not a good thing wafting into our homes & childrens rooms. Plus. there would be more people loitering around our homes.

I think 4th Avenue or Broadway would be a better area around local stores... lots of retail... and there are many empty stores right now.

Another reason to reconsider is the summertime when there is tons

Kits Beach & sitting

\* Actually not medical as no Dr.'s  
prescription is required

To the local business owners & residents,

Generally speaking, it would seem that ~~medical~~ marijuana dispensaries (mmd) are more appropriate to areas that are set up for retail business. These businesses would typically have attendant street lighting, parking and security. The lanes that connect the various restaurants, shops, G.P. offices, etc, (in the Kits Beach area) are already used by smokers in the shipping/receiving areas etc. And will continue to, I have no doubt, as demonstrated, smoke marijuana and loiter. These areas are typically difficult to patrol (indeed, currently the entire mmd situation is an extremely grey area) and enforce. Attendant noise pollution, refuse issues and smoke will absolutely occur. Obviously, this will make it very difficult for businesses and residents to open their windows, especially in the summer. Further, the potential drug paraphernalia will make such simple tasks as taking out the garbage/recycling extremely challenging. There are documented issues with businesses in residential areas having their cars vandalized for such simple acts as politely asking people to move away from building entrances. Verbal abuse is already endemic and will no doubt increase exponentially.

It should be noted that those restaurants that have a family clientele would almost certainly be adversely affected. There already exist issues with loitering and smoking outside said restaurants. One obvious business is the Gelato shop next door to the proposed mmd. It is frequented by parents with their children who sit, and theoretically enjoy their ice cream. Currently aforementioned ice cream patrons often share their enjoyment with the pungent odour of cigarettes. I cannot begin to imagine the impact of a mmd next door to such a family oriented shop.

Apparently (and again a very grey area), it is common practice for patrons to enter mmds without any paperwork or request for ID and prescription info. Essentially the general consensus is that local restaurants, shops etc. and residences would be forced to endure an extremely negative impact, with the establishment of a mmd in the midst of our neighbourhood, called Kits Beach.

With respect

GELATO SHOP SUMMER 2017

Nook, Family Restaurant DIRECTLY OPPOSITE  
PROPOSED SITE

Dear Payam, Honourable Mayor and City Council Members,

Please accept the attached petitions as testament to our wholehearted community support for the rejection of the proposal for a change of use "from Restaurant to a Medical Marijuana-Related use" at 1518 Yew St. The site, located in Vancouver's Kitsilano Beach neighbourhood (known familiarly as 'Kits Beach') is a residential area with immediate access to a children's playground, Kits pool and an elementary school. During our discussions with the local community a large majority held the belief the application restricts sales to medical use only. Clearly, based on the experience of other 'pot shops', recreational sales will also take place. Even though many of our community members agree with access to medical marijuana, they questioned the wisdom of a dispensary in the Kits Beach area. All summer long the Gelato shop next door to the proposed site is teeming with mums, dads, grandpas and grandmas buying treats for their little ones, not to mention the millions of tourists that visit every year. Is this the picture we would wish to paint for our city, people buying and likely smoking marijuana while our children enjoy their gelato?

The following is a list of our communities' objections to the proposed 'medical marijuana dispensary':

1. Essentially, a park, a beach, a playground and a 'pot shop' form a dangerous mix.
2. Pot shops attract recreational drug users who typically:
  - Smoke outside which permeates into residents' homes with the overbearing smell of marijuana
  - Increase litter and loitering in the immediate area
  - Further strain parking and traffic congestion
  - Add noise to an already busy corner in Kits Beach
3. A By-law banning smoking marijuana in public spaces is unenforceable. Residents at 1512 Yew St. have no choice other than to inhale second hand cigarette smoke from people directly under their balconies and windows with no recourse. The police lack the resources to enforce the current smoking By-laws, the same would be true for marijuana.
4. The Kitsilano neighbourhood currently offers two dispensaries, in more appropriate business focused locations. These shops are within a few blocks of

the proposed site and do, theoretically, provide more than adequate service for any current need for immediate access to medical marijuana.

5. We feel that legal issues need to be defined by common sense and enforceable policies and laws. As federal, provincial, and municipal governments move toward the legalization of marijuana it remains imperative that well thought out policies and laws cascade down through the governing bodies to guide us. We ask you, is it not prudent to define such policies and laws before continuing to accept license applications for marijuana dispensaries?

- One anecdotal example of such confusion relates to the proposed site at 1518 Yew St.. Based on information provided by the City, the petitioners to this application found room for debate as to whether current lines on the road meet the By-law requirement.

In conclusion, and for the reasons stated above, the petitioners sincerely request that the City reject the proposal; 'City of Vancouver Dev App of 1518 Yew St, DP-2017-01048'.

Thank you for your time, care and consideration. Ideally you will now have a clear understanding of Kits Beach, the community and the children who play there.

With respect,

Application for a 'change of use from Restaurant to a Medical Marijuana-Related use'

Re:  
The Wealth Shop 4545 W.10th Ave

I spoke to the following businesses in December 2017. I was interested to ascertain their feedback as to how the Wealth shop had impacted their businesses.:

J. Bruce Preston, Barrister and Solicitor, #203-4545 W.10th Ave.  
Dr. Bin Xie, Sassamat Dental, #202-4545 W.10th Ave. (n.b. the dentist has many child patients)  
E-courier.ca Eric Gould, 4545 W10th Ave.  
Dr. Sajjid Ijaz, University Veterinary Clinic Ltd., #106-4545 W.10th Ave.

The above businesses identified a variety of issues, including;

1. Over powering, noxious odours. Apparently they had requested repeatedly that the building manager repair the venting. This request was never fulfilled
2. 'Junk' outside the building including drug paraphernalia
3. People smoking marijuana and generally loitering
4. Security concerns, The Wealth Shop has had one break in

Any and all requests to The Wealth Shop and the building manager to 'do something about the issues' were ignored.

The attached petition includes the signatures of aforementioned businesses confirming their real and present problems and their agreement that a Wealth Shop in Kits Beach (1518 Yew St) would be detrimental in the extreme to all those who live, work and play there.

With respect
