Dear s.22(1)

**RE: Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request of October 23, 2018 under the *Freedom of Information and Protection of Privacy Act* for:

1. **Minutes from any meetings about lead in drinking water and/or lead pipe replacement in the City of Vancouver, from January 1, 2014 to October 23, 2018; and**
2. **A map and/or geospatial dataset (shapefile, ESRI geodatabase, KML file, etc.) of all locations where the City of Vancouver knows there are, or suspects that there are, lead service pipes.**

We have completed the search for responsive records for this request and no responsive records have been located. The departments consulted were Water and Sewers, Green Infrastructure Division - Engineering Services, and Real Estate and Facilities Management.

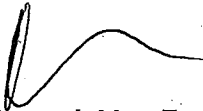

In regards to point one, staff confirmed the City of Vancouver does not have meeting minutes regarding lead in drinking water and/or lead pipe replacement in the date range requested. The only related information available are public meeting minutes from a recent Council motion: <https://council.vancouver.ca/20180919/documents/UB2-Motion.pdf>

In regards to point two, staff confirmed there are no records of lead service pipes in the City of Vancouver's water distribution system.
