s.22(1)

Dear s.22(1)

Re: Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")

I am responding to your request of November 15, 2018 for:

The City of Vancouver resolved that it would reimburse homeowners or business owners up to \$1,000 for taking action to separate all storm and subsurface drainage from sanitary sewage and to extend separate sanitary and storm building sewers to connect to the City's building sewer extensions at the property line. Request is for records which show all of the payments that were made, including the addresses of the properties in relation to which they were made.

Date Range: Prior to 1998 up to November 15, 2018.

All responsive records are attached. Some information in the records has been severed, (blacked out), under s.15(1)(l) and s.22(1) of the Act. You can read or download these sections here: http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/96165_00

Under section 52 of the Act you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your request. The Act allows you 30 business days from the date you receive this notice to request a review by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number assigned to your request (#04-1000-20-2018-604); 2) a copy of this letter; 3) a copy of your original request for information sent to the City of Vancouver; and 4) detailed reasons or grounds on which you are seeking the review.

Please do not hesitate to contact the Freedom of Information Office at foi@vancouver.ca if you have any questions.

Yours truly,

Barbara J. Van Fraassen, BA Director, Access to Information & Privacy

Barbara.vanfraassen@vancouver.ca 453 W. 12th Avenue Vancouver BC V5Y 1V4

*If you have any questions, please email us at foi@vancouver.ca and we will respond to you as soon as possible. Or you can call the FOI Case Manager at 604.871.6584.

Thanks Bruce. Also interesting to note that there is a requirement to submit 'three' quotes for the work. Do we follow that practice?

Where would I get a copy of (and \$\$) for the permits for this work? Looks like we can only pay them costs up to \$1000.

Hi Wally,

I have the invoice we have been waiting for the Sewer Separation that has taken place at this address, please see attached.

The plumber separated the storm and sanitary piping just a few feet back from p/l and reconfigured the piping to suit, at time of city installation. A minor alteration on private side but necessary to accommodate the separation requirements and the city installation.

Thanks

1		Job as per quote: To separate storm and sewer line in front yard. We will replace a small section of 4" PVC sewer line that has roots in it, and move location of existing 4" PVC storm and sewer Y fittings closer to sidewalk for future city connection. Sewer and storm lines will still be combined until the city has provided a new connection location. We will pull a connection permit from the engineering department to complete work. We will also alter the location of the clean out cap in the driveway to allow for vehicles to park in front of house. Labour - Cory, Rob Material G - GST @ 5% GST	G	750.00 260.00	750.00 260.00 50.50
