Subject: Carbon Monoxide

Good Morning Mayor and Council,

Vancouver Fire and Rescue Services is holding a media availability today at 12:30pm to remind Vancouverites about the dangers of carbon monoxide. Earlier today, nine people were evacuated from their residence after high levels of CO were detected following their furnace malfunctioning. Three of them were transported to hospital. This media availability is an opportunity to raise the profile of the #wakeupVancouver campaign reminding residents to have functioning smoke alarms and CO detectors.

Best

Sadhu
