Subject: Woodland Bridge at Grandview Highway

Attachments: image1.jpeg

Greetings Mayor and Council

Last night at approximately midnight, Engineering received a call about an active fire at the Woodland Bridge (overpass) at Grandview Highway (picture/location attached).

We had originally instructed the closure out of an abundance of caution. The bridge is now open and an inspection is scheduled for today. We have no immediate concerns.

Once we have the official inspection results and recommended actions from our structural consultant, we will be reviewing options for moving forward.

All options will require coordination with the rail company.

Sadhu Johnston
