Subject: Upcoming IB - Meeting Streaming Service Update

Greetings Mayor and Council,

Earlier this month, the City was notified that Neulion, our previous video streaming provider, would be withdrawing their provision of the Civic Neulion platform that the City uses for Council and Park Board meetings.

The City has implemented an interim solution to ensure that residents can still watch meetings online and this solution will be in place for Monday's Park Board meeting but will look a little different to the previous platform.

All videos of Council and Park Board meetings since November 5, 2018 will be made available on the City's YouTube account. The full archive of historical meetings will not be available immediately but the City will be migrating archived footage to the new streaming service as soon as possible.

We will be sending out an information bulletin and social posts to notify residents of this change.

Best,
Sadhu
